

## WILL DISCUSS WOOL SCHEDULE TODAY

### House Disposes of Tariff Revision Up to Much Dis- cussed Schedule K

#### LITTLE CHANGE IN BILL

#### Democratic Majority Steadily Votes Down All Amend- ments Presented

#### GREAT FIELD DAY FOR ORATORS

WASHINGTON, MAY 2.—Tariff revision with an obligate of inspiring political oratory carried the house tonight up to the much discussed Schedule "K", the wool schedule, which will be disposed of tomorrow. When the house adjourned it had completed the agricultural, wines and spirits, cotton and flax, hemp and jute schedules. The Democratic majority steadily voted down every one of the dozens of amendments presented by the Republicans and Progressives.

"It was a field day for oratory on both sides of the house and the veterans of the chamber vied with the boy orators among the new members in their elocutionary efforts. The intricacies of the protective tariff theory was lashed in ringing periods by the Democrats and dire days of 1913 with its soup houses and ruins were described by Republicans as the result of Democratic doctrine exemplified in the Wilson bill.

#### Underwood Calls Halt.

When the political past for twenty years and the political future for a century had been thoroughly threshed of all oratorical material and Representatives Barnhart of Indiana and Moore of Pennsylvania had gotten to the point of reciting original poetry about goats, Representative Underwood called a halt. He insisted upon confining debate thereafter to the merits of the proposition under consideration and with the mercury in the house thermometers going up at a mid-summer gait, hurried through the flax schedule in record time.

The monotonous rolling chorus of Democratic noes, swamped amendment after amendment as the schedule went through unchanged.

#### Vote Down Amendments.

The Democratic majority went ahead with tariff revision without a hitch. There were innumerable amendments emanating from the minority but they were voted down with monotonous regularity. The discussion opened with citrus fruits, in the agricultural schedule, the Pacific coast growers waging an unsuccessful fight against cutting of the tariff on citrus products. Efforts to increase the proposed duty on peanuts to give better protection to the Virginia industry also felt through. The schedule covering spirits, wines and other beverages went through without dissent, but considerable fight was made by representatives of textile districts when the cotton schedule was reached.

Many speeches really dealt with the paragraphs of the tariff under consideration but general politics and partisan personalities featured the debate.

#### Mann's Retort Courteous.

Representative Thomas of Kentucky had a few things to say about the Republicans personally and the debate for a moment promised interesting developments when Republican Leader Mann, stung by Mr. Thomas reference to him as the bewhiskered gentleman from Illinois, retorted that while it was true he was "bewhiskered", at least he was not "bewhiskered".

Representative Thomas called the Progressive party a patent medicine advertisement scheme, and criticized Representative Payne of New York for reflecting on President Wilson because the president went to New Jersey in connection with state legislation. Representative Hefflin of Alabama declared that people did not realize that the real tax on the American people under the present tariff law was \$2,400,000,000 instead of \$3,000,000,000 of revenue tax and arraigned the Republican claim that the law protected the American farmer and laborer.

Agrees to Committee Amendments. Several committee amendments were agreed to, changing the bill in minor particulars, including one designed to put the sweetened varieties of chocolate and cocoa on the list of the higher basis of confectiory.

#### Split in Minority.

The split in the Republican minority of the ways and means committee on the question of offering a substitute for the cotton schedule was evidenced during the consideration of the cotton tariff. Representative Moore of Pennsylvania and Fordney of Michigan insisted that minority substitutes were a waste of time, but Representative Gardner of Massachusetts, offered a substitute for three paragraphs of the cotton schedule a compromise between the Underwood and Payne tariffs. This was voted down along with all amendments from the Republican side.

Representative Palmer of Pennsylvania, Peters of Massachusetts and

## MAY BRING SUIT TO RECOVER MILLIONS

### WANT \$15,000,000 IN BACK TAXES FROM THE ROCK ISLAND

Supervisors of Polk County Will Institute Suit to Recover If the Railroad Company Refuses to Pay This Amount.

Des Moines, Iowa, May 2.—Suit for approximately \$15,000,000 in back taxes will be brought against the Rock Island railroad company by the supervisors of Polk County, in which Des Moines is located if the company refuses to pay this amount according to an announcement today. The supervisors in a resolution authorized formal demand for the sum and legal proceedings if necessary.

In the resolution it is claimed the Rock Island company had concealed \$160,000,000 in monies, credits and corporation shares and stocks during the last five years. Rock Island officials here tonight denied that there had been any concealment of assets from county tax assessors.

A firm of Council Bluffs attorneys was retained by the board of supervisors to bring action. Under the terms of the contract these attorneys are to have forty per cent of the total amount of alleged back taxes collected. By the terms of the Iowa statute under which the supervisors propose to proceed, penalties provide for failure to report all taxable property, would bring the aggregating amount of money in case it was recovered in the courts up to about \$20,000,000, according to the local attorney for the board.

E. W. Sargeant, general counsel for the road in Iowa, said tonight he did not believe the company had concealed \$160,000,000 worth of assets at any time, as the supervisors charged. He said the company had always paid all of its taxes promptly.

## STEAMER "ILLINOIS" IS TO BECOME NAVAL RESERVE CRAFT

### Governor Dunne Orders Steamer To Alton and Will Turn it Over To Naval Reserves.

Springfield, Ill., May 2.—The fish commission steamer "Illinois" which has carried many parties of politicians and for years a valuable administration asset in entertainment is to become a naval reserve craft by order of Governor Dunne.

For some time the "Illinois" has been doing flood duty along the Ohio and Mississippi rivers and is now stationed at Cairo. A telegram sent by Governor Dunne to day to Frank Whitman, at Havana acting fish warden, directs him to order the steamer to leave tomorrow for Alton where its future home will be. The governor also directs that an inventory of the property on board the boat be taken before it is turned over to the naval reserves.

#### Wayman Tried to Induce Physician to Kill Him

Dr. W. K. Murray Testifying Before Coroner's Jury Tells of Wayman's Request.

Chicago, May 2.—John E. W. Wayman, formerly state's attorney who fatally shot himself in his home on April 17th, and then expressed regret over his act just before he died, tried to induce a physician to operate on him in such a way as to cause his death, according to the testimony of Dr. W. K. Murray at the coroner's inquest to day.

About a week before he died, Mr. Wayman came to me in a morbid state of mind," Dr. Murray said. "He said, if you are as good a friend of mine as I am toward you take me to a hospital and operate on me so I will die. Later I told members of his family of his extremely morbid state, but we never suspected he would take his own life.

The jury tonight returned an open verdict, being unable to decide whether he shot himself with suicidal intent or accidentally.

#### Will Take Strike Vote.

New York, May 2.—A strike vote of the 100,000 conductors and trainmen on railroads in eastern territory, was ordered tonight by the men's representatives who have been in conference with railroad managers here over demands for increased wages recently submitted by the employees.

The roads yesterday denied the men's demands and today refused a proposition to submit the dispute to arbitration. This refusal was speedily followed by a meeting of the men's committee at which it was decided to order a poll to determine whether the power to call a strike be put in the hands of the leaders.

#### Domestic Difficulties Lead to Tragedy

St. Louis, Mo., May 2.—Mrs. Emma Hoehn was shot and killed at dinner here today by her husband Frederick Hoehn from whom she had been separated. Hoehn went into his wife's home without knocking and asked her to make up with him. She ordered him from the house whereupon he shot her three times.

## AUSTRIANS MAY BEGIN WAR ACTION TUESDAY

### RUMOR HAS IT THAT WAR AGAINST MONTENEGRO WILL OPEN

King Nicholas Declares That Montenegro Will Be Defeated if Austria Attacks Her But That Victory Will Be a Terribly Costly One.

LONDON, MAY 2.—The Vienna correspondent of the Times says he hears from a well informed quarter in the Austrian capital that the ministerial council has decided that military action against Montenegro shall begin Thursday. The correspondent adds that he has been unable to verify the statement.

The correspondent of the Daily Telegraph in Vienna says he learns that Austria and Italy have arrived at an agreement for eventually taking of Scutari. A despatch to the Chronicle from Vienna says a report has reached that city from Avolonia, that the troops of the provisional government there had surrendered to the Turkish general Djavid Pasha's army. It adds that the members of the provisional government fled or were arrested and court martialled and that Djavid Pasha had appointed Shehab, former commander at Stambul as prefect of Avolonia.

#### Victory Will Be Costly.

Paris, May 3.—Telegraphing from Cettine, the correspondent of the Temps says that King Nicholas declares that Montenegro will be beaten if Austria attacks her.

"But the victory will be a terribly costly one," the correspondent quotes the king as saying. "It will cost Austria dearer than Algeria cost France."

#### Will Ask For Final Statement.

Cologne, Prussia, May 2.—Guarded references made by M. Popovitch the Montenegrin delegate to the recent London peace conference as to the possibility of the fortress of Scutari being evacuated by the Montenegrins played an important role in the conference of ambassadors at London on Thursday last, according to a despatch from Berlin, printed in the Cologne Gazette this evening. The result was a decision being reached by the ambassadors to ask Montenegro for a final and definite statement as to her intentions regarding Scutari.

## SIX CHICAGO PIPEMEN HAVE NARROW ESCAPE

Were Trapped on Ladder Between Third and Fourth Floors of Burning Building—Saved by Comrades.

Chicago, May 2.—A squad of six pipemen was trapped on a ladder between the third and fourth floors in a \$100,000 fire in a downtown business building here tonight. The men were saved by their comrades laying hold of the truck to which the ladder was attached and hauling it away from the burning building.

The pipemen clung in midair to the ladder which was on fire both above and below them. Several of the men were severely burned. The building was destroyed. It was a four story brick structure occupied by a firm of tea and spice importers. Adjoining buildings were occupied by stocks of fireworks and drugs, including many explosives. All the downtown fire apparatus responding to a general alarm was required to confine the fire to the one building.

#### Six Thousand Men Receive Increase in Wages

Railroad Men are Also Granted Nine Hour Day—Agreement Takes Effect at Once.

Kansas City, Mo., May 2.—Six thousand men, sixteen hundred of whom live in or near Kansas City will receive an increase in wages as a result of an agreement reached here to day between representatives of the various union shops and the Missouri Pacific and Chicago, Rock Island & Pacific railroads. The men also were granted a nine hour day. They had been working ten hours. The agreement goes into effect at once, being day May 1st.

#### Charged With Passing Worthless Checks.

Chicago, May 2.—Gabriel Rosenthal who is said by the police to have inherited \$50,000 on the death of his father, Jacob Rosenthal, a wool merchant, who died in a New York hospital several days ago, today was arrested charged with having passed \$1,000 in worthless checks. The police say Rosenthal is wanted in other cities. In Chicago he lived at a hotel and posed as a millionaire the police assert.

#### Fight Fast Draw.

Denver, Colo., May 2.—Eddie McGorty of Oshkosh, Wis., and Jimmy Clabby of Hammond, Ind., claimants of the middleweight championship fought ten fast rounds to a draw here tonight. There were no knockdowns and the decision of Referee Pollock was well received.

## FRIDAY IN CONGRESS.

Senate.  
Not in session.  
Meets Monday.  
Territories committee began hearing on Alaskan railway problem.

House.  
Met at 11 a. m., and resumed reading of tariff bill under average rule for amendment, agricultural schedule being completed.

Recessed at 6:35 p. m., until 7:45 p. m.  
Completed agricultural, wine and spirits, cotton and hemp flax and jute schedules of tariff bill.

Adjourned at 10:40 p. m. until 11 a. m., tomorrow.

## CHAUFFEUR FOUND GUILTY OF MURDER

### CAR HE WAS DRIVING STRUCK AND KILLED JOSEPH WEISS IN 1910

Evidence Showed That Lindbloom Was Driving 35 Miles an Hour and Did Not Stop Until Weiss' Body Became Entangled in Machinery—Gets 14 Years.

CHICAGO, MAY 2.—Lawrence Lindbloom, a chauffeur who in 1910 ran over and killed Joseph Weiss, to day was found guilty of murder in the criminal court and was sentenced to 14 years imprisonment. The evidence showed he was driving about 35 miles an hour when his car struck Weiss.

This was the first conviction for murder by automobile in Cook county, although there have been several convictions for manslaughter.

In instructing the jury, Judge Cooper said if it had been shown that Lindbloom was driving his machine in such a manner as to endanger human life, they should find him guilty whether the killing was accidental or intentional. Lindbloom according to the testimony ran the machine two blocks after the accident and stopped only when Weiss' body became entangled in the machinery and stopped the automobile. The defendant testified he had been unable to stop in a shorter distance. Four automobile owners were on the jury returning the verdict.

States' Attorney Hoyne commended the jury.

"This verdict will serve as a warning to reckless and careless machine owners and drunken chauffeurs," he said. "Similar cases will be prosecuted with equal vigor in the future. There have been over six hundred arrests for speeding in the last few months and in many of these cases a fatal accident might have happened."

#### Roseville Wins Military Track Meet at Abingdon

Knoxville Takes Second Place in Meet With 24 Points and Galesburg Third With 15.

Abingdon, Ill., May 2.—The military track meet was held here today and was largely attended. For the athletic contests there were 109 entries from the various high schools. The results in the girls' oratorical contest were as follows:

First—Beryl McGilivray, Macomb; second, Rose Matthews, Galesburg; third, Myrl Miles, Bushnell.

Girls' declamatory contest—First, Elizabeth Smith, Abingdon; second, Lena Seltzer, Elmwood; third, Fay Elgin, Rushville.

The boys' contests ended as follows:

Declamatory—First, Walter Manton, Aledo; second, George Sheffer, Elmwood.

Oratorical—First, Everett Trevor, Abingdon; second, Avon McGovern, Knoxville; third, Clarence Swenson, Galesburg.

Shorthand and typewriting—First, Hilding Johnson, Galesburg; second, Agnes Taylor, Roseville.

The athletic events were won by Roseville, with 33 points, Knoxville was second with 24 and Galesburg third with 15.

Other cities were as follows: Abingdon, 11; Macomb, 10; Princeton, 5; Elmwood, 5; Aledo, 4.

#### Surrender Coal Land To Government.

Denver, May 2.—Coal land involving 3,400 acres in Las Animas county and valued at approximately \$1,000,000, was surrendered to the United States government today by the Colorado Fuel and Iron company in consideration of the dismissal of a suit involving 5,800 acres owned by the company. The land is located in southern Colorado.

The future entry on the land will be permitted under the regulations and prices recently fixed.

#### Former River Pilot Suicides.

St. Louis, May 2.—Captain W. McKinney, once a well known pilot on the Missouri river, committed suicide to day at his home near St. Charles, Mo., to day. In a letter found near his body he said he feared he was becoming a burden on his relatives.

#### Philadelphia Reports Hottest Day of Year.

Philadelphia, May 2.—With the official thermometer registered 88 degrees at 4 o'clock this afternoon, this was the hottest day of the year and the hottest May 2 ever recorded by the local weather bureau.

## WILL ELECT MEXICAN PRESIDENT NEXT FALL

### ELECTION DATE SET FOR OCTOBER 26TH BY HUERTA GOVERNMENT

Date is Said to Have Been Agreed Upon By All Parties in Both Houses of Congress, Diaz and Huerta.

WASHINGTON, MAY 2.—Election for President of Mexico will be conducted October 26th, by the Huerta government, according to advice to the Mexican embassy here today. The report said the date was agreed upon at a conference between provisional President Huerta, General Felix Diaz, the cabinet and representatives of all parties in both houses of congress.

General Diaz is now expected to be the leading candidate for the presidency. Many people believe, however, that Huerta also will enter the race and it is suggested that Francisco de la Barra, minister for foreign affairs in the provisional government also may be a candidate.

#### Entire Family Killed.

Nogales, Ariz., May 2.—The only apparent result of the shelling of Empalme today upon the state troops' evacuation was the killing of an entire family. A shell from the Gunboat Guerrero burst over a house in a suburb of the town, killing a man and his wife and their several children. No Americans were reported injured.

Rifle fire late today indicated that the federalists had begun a movement in pursuit of the fleeing constitutionalists, whose hasty exit occasioned the shelling on the part of the federal boat. It was believed that the federal reinforcements recently arriving at Guaymas had begun an advance.

## ISSUES INJUNCTION TO PROTECT PROPERTY

### Quincy Show Case Co., Will Be Protected From Damage From Strikers.

Springfield, Ill., May 2.—A temporary injunction to protect the property and employees of the Quincy Show Case company of Quincy against damage from strikers was granted late this afternoon by Judge J. Otis Humphrey of the United States district court. The hearing for a permanent injunction has been set for May 12th.

The petition for the injunction was filed by Attorney P. G. Gardner of Wichita, Kansas in behalf of Fred R. Williams of that city. The injunction in particular is against the striking members of the Carpenters and Joiners Union of Quincy.

Williams is a stockholder in the company and alleges that the strikers are interfering with the workings of the plant by threatening the men who are still working.

The petition names about a hundred defendants first of whom is Edward Stille, who, it is alleged, is a prominent strike leader.

## WOULD PREVENT BANKERS LENDING MONEY TO CHINA

Former Provisional President Cables Earnest Appeal to European Governments.

London, May 2.—Dr. Sun Yat Sen, former provisional president of China, has cabled an earnest appeal to the British and other European governments and peoples to prevent their bankers lending money to the Chinese government.

Dr. Sun asserts that the temper and indignation of the country has been raised to white heat by the revelation that the government was implicated in the murder of General Sung, former minister of education, and that the government, conscious of the enormity of its guilt and fearing consequent downfall, will use the five power loan, which he alleges was unconscionably concluded in defiance of the protest of the Peking assembly, in order to wage war against the people.

If the present government is kept without money Dr. Sun's message continues there is a prospect of a compromise between it and the country, but the provision of liberal funds would be calculated to precipitate a terrible and disastrous conflict.

If the people are forced into a life and death struggle for a preservation of the republic they have sacrificed so much to secure, the message concludes, not only will terrible sufferings be entailed by the masses of the people, but all foreign interests will be seriously affected.

#### Warm in New York.

New York, May 2.—To day was the hottest May 2nd in the history of the local weather bureau. The mercury climbed up to 87 during the early afternoon and remained there two hours. One heat prostration was reported—the first one of the year.

#### Mid Summer Weather.

Chicago, May 2.—Mid-summer weather visited Chicago to day, the temperature being 85 degrees in the afternoon. This was more than 20 degrees above the normal for early May.

#### Mrs. Bryan Recovered.

Washington, May 2.—Mrs. Wm. J. Bryan has completely recovered from her recent illness and returned from a sanitarium to her home.

#### Wins Freshman Debate.

Beloit, Wis., May 2.—Lawrence college of Appleton, Wis., won the freshman debate with Beloit college here tonight.

## ASSERTS MILITARISM IS BURDEN OF NATIONS

### JAPAN IS CITED AS EXAMPLE OF BURDENS OF MILITARISM

Thomas Edward Green Declares Japs Give Each Year An Average of 25 Per Cent of All They Have and Earn to Pay War Taxation.

ST. LOUIS, MO., MAY 2.—Arbitration can be made much wider in its scope than hitherto, in the opinion of John Wesley Hill, of New York, president of the International Peace Forum. Mr. Hill spoke tonight at the fourth general session of the American peace congress on the "outlook for peace."

"Militarism is the burden of the nations," declared Thomas Edward Green of Chicago. Reviewing the nations, of Japan, he said:

"Japan—poor, bankrupt, broken, impoverished Japan. She is the logical end of the whole delusion. Fifty million industrious economic patriotic people without national resource, figuring income and expense to the last penny; halving each pitiful coin in willing home taxation—eighty-five per cent of Japan's income is derived from taxation—she has nothing else. It means that her people must give each year an average of 25 per cent of all they have and earn to pay Japan's penalty for following her great ally, in the race of mad militarism."

#### Cables Congratulations to China.

A committee appointed at the peace congress today drafted a cablegram of congratulation to the Chinese republic on account of its recognition by the United States. The committee was composed of Andrew Carnegie, former Vice-President Fairbanks, Congressman Richard Bartholdt, Edwin S. Mead of Boston and R. S. Brookings of St. Louis. The cablegram follows:

"To the president of the Chinese republic at Peking—The fourth American Peace Congress, in session at St. Louis and composed of representative and peace-loving citizens of America congratulate the Chinese republic upon its formal recognition by its sister republic of the United States wishing it a future even more illustrious than its past."

## REAL ESTATE MEN ARE ACCUSED OF CONFIDENCE GAME

Chicago Man Claims He Was Swindled Out of \$25,000 Home and Indiana Farm.

LaFayette, Ind., May 2.—Joseph L. Snyder and Samuel F. Hall, local real estate men and prominent socially, were arrested here today on charges of being implicated in a confidence game in Chicago and were turned over to the Illinois authorities. W. C. Meyers, son of the leading banker of Francisville, also was arrested on the same charge.

Leonard A. Busby, 1428 East 57th street, Chicago, the alleged victim, says he was swindled out of his \$25,000 home in Evanston and an Indiana farm. Busby says he traded his home to Meyers and Snyder for an Indiana farm. He said the farm was valued at \$165, but it was worth only \$50 an acre. He says the two real estate men then found Hall as the purchaser of the farm, but after the deed had been turned over to him, it was learned Hall had no money.

The three men were taken to Chicago today. All appeared much surprised when arrested.

## MASS MEETING IS HELD IN INTEREST OF WOMAN SUFFRAGE

Greatest Parade in History of Cause Will Be Held in New York Tonight.

New York, May 2.—On the eve of what promises to be the greatest equal suffrage parade in the history of the American woman's struggle for the ballot—to be held along Fifth avenue—a demonstration attended by several thousand persons, men and women both, was held for the cause tonight.

Theodore Roosevelt appealing to the east and especially to New York state to grant votes for women, and holding that it is woman's right to be represented on the floor of the state's coming constitutional convention, was the principal speaker.

Dr. Anna Howard Shaw, president of the National American Woman Suffrage association, called upon the country's women to add five new stars to the suffrage flag in 1914 and four new stars in 1915.

#### Weather Indications and Temperatures.

Washington, May 2.—For Illinois—Cloudy Saturday, probably local thunderstorms Saturday night or Sunday; moderate winds.

#### Temperatures.

Chicago, May 2.—Current, maximum and minimum temperatures today were:

	Current.	High.	Low.
Boston	60	66	46
Buffalo	62	62	48
New York	80	86	66
New Orleans	72	80	64
Chicago	79	85	62
Detroit	76	84	58
Omaha	60	78	54
St. Paul	66	72	46
Helena	44	48	34
San Francisco	62	68	48
Winnipeg	40	50	24

## DEBATE WEBB BILL FAR INTO THE NIGHT

### Final Debate on Amended Draft Was Still In Full Swing at Midnight

#### DEFEAT ALL AMENDMENT

#### Every Amendment Proposed By the Democrats to Delay the Bill Was Defeated

#### DEMOCRATS ALSO FAVOR BILL

SACRAMENTO, CAL., MAY 2.—The final debate in the senate on the amended draft of the Webb anti-alien land bill began before 8 o'clock this evening and was still in full swing at 11:30.

At the outset, the majority leaders made it known that they would not permit another interruption of their plans under any circumstances and the word went forth that the body would be held in session all night, if necessary in order to bring the bill to a final vote.

The only opposition was from Senator Wright, Republican and the Democrats who sought in vain to break through the solid Progressive front with a string of amendments that would tie up the bill until next week.

#### Defeat All Amendments.

Wearily the debate went on and wearily the amendments were voted down one by one. It was what the minority expected but it was their program to give the Progressive majority a chance to go on record as opposed to all the suggestions made by Secretary of State Bryan with the advice of President Wilson. The Democrats disclosed their plans and their purposes even before many of their amendments were offered.

"We are going to vote for your bill regardless of the form in which you set it before us," cried Senator Campbell, Democrat in the early part of the debate. "The senate is stacked before us, we know that. But in the end we are for the bill, because we want an anti-alien land bill."

#### Rejects Resolution.

During the afternoon the majority had rejected the Curtin resolution which embodied the principal suggestion made to the legislature by Secretary Bryan, namely, that the state allow the federal government to settle the problem of alien land ownership through diplomacy.

Senator Wright, Republican, offered tonight an amendment embodying another of Secretary Bryan's recommendations, namely the Illinois law which applies to all aliens regardless of their eligibility to citizenship and permits ownership for six years.

"You have repudiated President Wilson's advice once," shouted Wright to the administration forces "now I want you to repudiate it again."

They did. Only five votes were cast in favor of his amendment. At times the debate became strictly partisan, and the Democrats would openly charge the Progressives with lack of sincerity and had faith in changing their attitude towards the states rights theory, which they used to deny in years past, when there was a Republican administration in Washington and the Progressives themselves were Republicans.

Senator Sanford, seeking certain victory ahead for the majority surrendered finally but still volleyed taunting questions from time to time at the Progressive leaders, until the whole discussion threatened to resolve itself into an acrimonious political argument.

#### May Put Aside Recommendations.

The California senate showed today a resolute demonstration to put aside the recommendations of President Wilson and his envoy, Secretary Bryan, and pass an act prohibiting Japanese and other aliens ineligible to citizenship from holding land by lease for more than three years. Arguments continued throughout the night and at mid-night the measure had not passed, though such action was momentarily expected.

# More About Diamonds

Size, Purity, Style, Coloring  
Some of the Most Over-Looked Essentials

In the selection of diamonds size is only one of the many considerations.

Purity of color and freedom from flaws are very important elements—as also are shape and style of cutting.

The most important feature in buying diamonds is the source you procure them from.

We buy direct from importers and this enables us to give our customers the choicest of gems without having to pay the fancy prices.

## JOSEPH TOMLINSON, LOCAL MERCHANT FOR HALF CENTURY, WHO DIED FRIDAY

### FORMER JACKSONVILLE MAYOR DIES FRIDAY

JOSEPH TOMLINSON PASSES AWAY AFTER LONG ILLNESS.

Had Been Continuously in Business Here For Fully Fifty Years and Trustee of Grace Church Since 1890—Funeral Sunday.

After a long illness Joseph Tomlinson for fully half a century a leading business man and a former mayor and alderman of Jacksonville, passed away at Passavant hospital where he had been a patient for the past nine weeks. For some time Mr. Tomlinson's condition had been considered serious and Wednesday he took a decided turn for the worse the physicians holding out no hope for his recovery. He died Friday morning at 8:35 o'clock, aged 87 years.

Joseph Tomlinson was born April 22, 1826 at Bridgton, New Jersey. At the age of eighteen years he lost his father, after which he moved to Philadelphia, Pa., and at the age of 21 commenced business for himself. His capital being limited and in a large city, his success not as great as he desired, Mr. Tomlinson disposed of his interest in the business in the spring of 1855 moved to this city, where he has since resided with the exception of one year, which he spent in Aurora.

He learned the tailoring trade in Philadelphia and commenced business in this city in a very humble way, but by his perseverance, business qualities and sterling integrity built up a large and profitable business which he conducted continuously for fully forty years. He first started in the clothing business in the room where Myers Bros., is now located, a Mr. Alderman being associated with him. Later he moved to the present location of the Tomlinson store and for fully fifty years continued in active business.

In 1875 Mr. Tomlinson was elected from the fourth ward to represent it in the city council, making a highly efficient alderman and in the spring of 1884 he was selected by the Republicans of the city as a candidate for mayor, and after a spirited and closely contested election, by the zeal of his party, his fitness for the position and his personal popularity his election was secured. Mr. Tomlinson served in the office of mayor for one term, and discharged the duties of that position in a highly efficient and honorable manner.

In the year 1852, in the city of Philadelphia, Mr. Tomlinson was married to Eliza Jane Apple and they were the parents of three sons and one daughter, all of whom excepting one son, T. M. Tomlinson of this city, have preceded their father in death. The deceased children are: Hannah Louise, Edwin Y., and Joseph. Mrs. Tomlinson passed away September 17, 1903 and since her death Mr. Tomlinson made his home with his son in this city and has received every possible care and attention during his declining years. The deceased was an active member of Grace Methodist Episcopal church. He and his wife placed their letters in the local organization when they reached here from Pennsylvania, having joined the Methodist church in Philadelphia prior to coming to Jacksonville. Mr. Tomlinson had served Grace church as a trustee since 1890. He was also a member of Urania lodge No. 243, I. O. O. F., and of Hospital-Commandery Knights Templar.

Mr. Tomlinson retained his strength longer than ordinary men and was a great traveler in later years. Although well past eighty years of age he enjoyed making trips to Chicago and New York and went unattended a number of times to New York city and other points in the east. His business house was always noted for the high quality of workmanship, of its goods and he took a personal pride in seeing that every product of his establishment measured up to the highest standard, which with his strict attention to business proved

valuable factors in the business success he made. In passing years he acquired valuable property holdings and can truthfully be rated as not only one of the oldest, but one of the most successful of Jacksonville merchants.

He was philanthropic and gave liberally not only to organizations in the church of which he was such an active and devoted member, but also to outside organizations. In politics he was a life-long Republican and always had high ideals for men in public office and according to his practice the saying that a public office is a public trust, was no mere phrase.

The remains were taken to the Reynolds undertaking establishment and funeral services will be held Sunday afternoon at 2:30 o'clock from the residence of his son, T. M. Tomlinson, 315 oakwood place, in charge of Rev. J. W. Miller pastor of Grace M. E. church, assisted by Rev. H. D. French, pastor of State Street Presbyterian church and Dr. A. B. Morey. Interment will be made in Diamond Grove cemetery.

Every day men are learning the advantage and comfort of the Faultless Day Shirts. Sold by FRANK BYRNS' HAT STORE.

### DR. NATE IN CITY.

Dr. J. C. Nate of Bloomington was in the city Friday on his way to Quincy, where a conference of the churches of that place and surrounding community will be held Sunday in behalf of the educational movement. President Agnew of Hedding college and Rev. W. J. Davidson of Garrett Biblical Institute are also expected to be there.

W. F. Thiehoff, division superintendent of the Burlington at Beards-town, was in the city Friday. His son was the winner of the 440 yard dash in the meet.

See the baseball game Sat. Bradley vs. Illinois. Game at 3 p. m.

### DEPUTY SHERIFFS ARREST MAN WANTED IN SPRINGFIELD

John Dixon, colored, charged with Criminal Assault Taken Friday.

John Dixon, colored, was arrested Friday afternoon by Deputy Sheriffs Todd and Andrews, and lodged in the county jail. The man was found sitting in Central park, by the officers. Dixon is wanted in Springfield on a charge of having criminally assaulted the 10-year-old daughter of Mose Venable, also colored, Tuesday. He is also said to have attacked Geneva Venable, aged 12 years, Monday.

### NOTICE.

I will not be responsible for any debts contracted by any one except myself.

Charles C. Pires.

### HOLD BIRTHDAY SOCIAL.

The ladies of the Congregational church held a birthday party at the home of Mrs. Henry Hall on West College avenue Thursday afternoon. A large number of ladies were in attendance and after a delightful social afternoon refreshments were served.

The correct blocks in soft and stiff hats. Knoles.

### CHILD BURNED WITH LYE.

Friday afternoon Stella May Massey, the daughter of Mr. and Mrs. Enos F. Massey of South Main street, climbed on a shelf at the home and got hold of a can of lye. She started to eat the substance and her mouth and lips were painfully burned. Dr. A. M. King was called and gave the necessary medical attention.

The Mission Study Circle of the Congregational church will hold a market at Rayhall's today.

### PUPILS ENJOY PICNIC.

Friday the pupils of the Prairie College school, near Arnold, enjoyed a picnic and after an elaborate dinner had been served an excellent program was given. Mr. Stanley, the teacher, was presented with a class pin and Leavett Arnold, who was neither absent nor tardy during the school year was given a present by his teacher.

## SOCIAL EVENTS.

The young ladies of Westminster Guild held an interesting and profitable meeting Friday afternoon at the home of Miss Edna Cline on West College avenue. Refreshments were served and a social hour was enjoyed. The Guild began a new course of study recently based on the life and teachings of the apostle Paul. The afternoon was in charge of Mrs. Stevenson.

The South Side circle held its final meeting for this year at the residence of Mrs. J. W. Lane on West State street Friday afternoon at 2:30. The leader, Mrs. E. F. Leonard, read some of the best known poems of James Whitcomb Riley, and vocal selections were given by Miss Julian Hall. A social hour of special pleasantness concluded the afternoon's program.

The C. W. B. M. of Central Christian church held a meeting Friday afternoon as a memorial to Mrs. M. E. Harlan, the late national secretary of the board. The ladies met in the church and listened to remarks of several of their members in memory of Mrs. Harlan. Mrs. J. B. Wharton told of the work and life of her husband's brother as a missionary to India. Mrs. Farrell spoke of the recent increase in the membership of the society. A short talk was made by Mrs. J. R. Watt. The next meeting of the local society will be in conjunction with the Missionary Social union, which will gather at State Street church Friday, May 23, at the noon hour.

Baseball—Bradley Polytechnic vs. Illinois. Saturday 3 p. m.

## CONGREGATIONAL BROTHERHOOD.

The Brotherhood of the Congregational church held a supper and regular meeting Friday evening in the church parlors. Remarks in review of the past year's work as well as prophetic of accomplishments for the year approaching, occupied much of the time. Dr. Post made the main address, followed by discussion from a number of the Brotherhood. An election of officers was held resulting in the selection of L. R. Penfield for president, Frank Read for vice-president, Frank T. Irving for secretary, J. A. Palmer for treasurer and J. P. Lippincott as teacher of the Bible class. E. W. Smith was the chairman of the committee which had the supper in charge.

## 25 PER CENT DISCOUNT. ON ALL COATS, SUITS, AND WOOL DRESSES AT HERMAN'S.

EXECUTIVE BOARD MEETS.  
The executive board of the Morgan County Society for the Prevention of Tuberculosis met Friday evening with Mrs. A. L. Adams. Plans were discussed for furthering the membership of the society, it being suggested that each regular member agree to get five new members and each one of the executive committee, ten. Those present were glad to listen to a report of fifteen new members secured in the last two weeks or so and spent some time discussing plans for the future. A special vote of thanks was tendered the ladies of State Street church for the way in which they took part in the late Anti-Tuberculosis banquet. In the financial report it was brought out that the receipts clear of expenses from this banquet were about fifty dollars.

The Mission Study Circle of the Congregational church will hold a market at Rayhill's today.

## RETURNS FROM INDIANAPOLIS MEETING.

W. J. Brooks has returned from Indianapolis, Ind., where he has been since Tuesday as a delegate for the Ben Hur to protest against the high rates and has been very successful in assisting to organize what will be known as "The National Defense League of Ben Hur." The new organization is being formed for the purpose of resisting the high increase in rates of the order and all states where the Ben Hur has been doing business were represented at the conference by from one to five delegates.

Mr. Brooks will make a report of the conference at a meeting of the local court to be held soon and will no doubt be of especial interest to local policy holders.

## NEW YORK SENATE REJECTS NOMINATION

Albany, N. Y., May 2.—The senate by a vote of 28 to 15 rejected the nomination of John Mitchell to be state labor commissioner. All the Republicans supported the nomination, but it was voted down by the Democratic majority. After the vote Governor Sulzer said he refused a proposal to withdraw Mr. Mitchell's name and substitute another. He contended that Mr. Mitchell's Democracy should not have been questioned inasmuch as he claims the labor leader was once suggested as a possible nominee for the presidency on the Democratic ticket.

MAY 11th "MOTHER'S DAY." Springfield, Ill., May 2.—In a proclamation issued today, Governor Dunne designates Sunday, May 11th, 1913, as "Mother's Day" in the state of Illinois and suggests that on this day addresses and sermons appropriate to the occasion be delivered in the various churches and other places of public meeting and that the citizens of the state so enter into the spirit of the occasion that it may be a day of family reunions, precious memories, uplift and inspiration.

ENTERTAINED STUDENTS.  
Dr. and Mrs. J. R. Harker entertained a number of the high school students at the college yesterday.

# 25c Crepes at 19c Per Yard

## Windsor Costume Crepes and Printed Mercerized Crepes

From an assortment of summer dress materials, embracing every style idea upon which fashion has put her final stamp of approval, we choose for special mention the above named crepes, which we place on sale at a reduced price. Crepes are assured of a wide popularity this season, and these two patterns are thoroughly representative of the latest trend in fashion. The Windsor Costume Crepes are 30 inches wide and come in quaint figure effects that appeal immediately to the most discriminating tastes. The Printed Mercerized Crepes, also 30 inches wide, are shown in the new Jouy effects. Real summer weather is "just around the corner" and it is high time you were getting the season's outfit in readiness. Because of its splendid tub qualities and beauty of finish, every woman should have at least one dress of Crepe. Visit our store this week. View the great variety of new fabrics we are showing, and take advantage of the special price made on these Crepes; 25c values now reduced to 19c

## JOHN FLYNN, DRIVER FOR SWIFT &amp; CO. SUFFERS BROKEN LEG

Falls Beneath Wheels of Wagon at the Chicago & Alton Station—Taken to Our Savior's Hospital.

Friday morning John Flynn of 503 East North street was run over by a heavily loaded wagon and suffered the fracture of his right leg. Mr. Flynn was trying to open a car door at the Chicago & Alton freight station and when the door gave way suddenly he lost his balance and fell down at the side of the horse, just in front of the wheels of the wagon. The horse became frightened and started away, both wheels of the heavily loaded wagon passing over Mr. Flynn's right leg, just above the ankle.

He was taken to Our Savior's hospital where the fracture was reduced and he is getting along as well as can be expected.

## 25 PER CENT DISCOUNT. ON ALL COATS, SUITS, AND WOOL DRESSES AT HERMAN'S.

Dryden's Rise.  
The story is told that Dryden, finishing his translation of "Virgil," sent it to Jacob Tonson for publication for a sum specified upon the manuscript. Tonson was desirous of obtaining the book, but determined to take advantage of Dryden's need of money. He therefore informed the poet that he could not pay the sum Dryden asked. In reply Dryden sent the following lines in description of the publisher: With leering look, bull faced and freckled fair, With two left legs, with Judas colored hair And frozzy pores that taint the ambient air.  
When this was delivered to Tonson he asked if Dryden had said anything more. "Yes," replied the bearer; "he said to tell the dog that he who wrote these lines could write more like him." Tonson sent the money at once.

Love's Young Dream.  
The newly married young woman rushed into her father's presence and threw herself on her knees before him. "Oh, papa," she sobbed, "I have come for your forgiveness and blessing! It was wrong and unkind of me, but I loved Richard so that I just had to elope with him. But I couldn't be happy till I had been reconciled with you, so here I am at your feet."  
"Well, well," growled the old man, much affected in spite of himself. "I suppose I'll have to. But you are alone—where is—er—Richard?"  
"He's just outside, papa, dear, with the cabman. And now that you have forgiven us, please lend us enough to pay the horrid brute so that he'll go away. You see, we had only enough money for the license and the minister."—Pittsburgh Gazette-Times.

Summer weight shirts now a necessity. Buy them at Knoles'.

220 yd low hurdle	1	5	3						
Relay race	1	5	3						
Total	8	27	5	22	15	10	29		

Beardstown High school made a clean sweep of the Western Illinois High school league meet held Friday. Miss Jane Kennedy who represented that school in the declamation contest, won first honors, with Miss Grace Hadden of Jacksonville second. Beardstown also nosed out a victory in the athletic meet over White Hall by a margin of 8 points. The half miles, 220 yard hurdle and running high jump records were broken.

A more ideal day could not have been picked for the big meet and as a result all incoming trains brought in unusually large crowds. The individual schools were better represented than in the past two years, and friends of all the towns in the league took occasion of the opportunity to come and visit with friends and see the various contests. Perhaps Beardstown sent the largest delegation with White Hall second. The condition of the roads also made it possible for many to come via automobile, so that when the whistle blew for the first race on the Illinois college campus every seat in the bleachers was filled and most of the seats within the diamond.

**Young People Orderly.** While all the boys and girls were jubilant in spirit their was nothing boisterous or rude in their conduct and it could easily be said that it was the best mannered crowd of young people that has visited Jacksonville in many a day. And it was a royal welcome that the citizens accorded the young folks. At the entrance of Central park a large banner had been erected which said "Welcome to Jacksonville." As most of the towns are within easy reach of Jacksonville the majority of the visitors came in the morning. The team from White Hall arrived the night before. Amusing costumes were noted on every hand and each school had some peculiar way in which the colors were worn or something along the unique line, that attracted attention.

Music for the day as furnished by Jeffries orchestra and by the High school band. Jeffries band gave a concert in the early part of the afternoon in Central park and at 1:30 o'clock went to the athletic field where they dispensed some spirited music during the afternoon. The high school band, under the leadership of principal W. A. Gore, furnished music at the meet. The boys were dressed in their red and white caps and made a pretty appearance. The music was an enjoyable part of the day's program. A committee from the high school went out and solicited merchants and business men to have Jeffries' band and the money was certainly well spent.

**Athletic Contest.** The athletic contest proved to be up to the standard in excitement and the race between Beardstown and White Hall was apparent, almost from the jump. White Hall was certainly the "dark horse" of the day and the wonderful showing they made was easily the feature of the meet. White Hall has always had the name of being up in athletics and they have been wanting a chance to demonstrate their title to membership in the Western Illinois High school league for some time and the opportunity was given this year from the fact that Rushville asked to be relieved from membership. The athletes certainly won a warm place among the other towns of the league and while they pushed Beardstown hard for the honors the rivalry was in good spirit and lent a snap to the meet, which was noticeable through the entire afternoon.

Beardstown also has a clean bunch of true sports and they went after the various events in a progressive manner. The showing they made at Griggsville gave them an added touch of hope and the winning of the declamation contest also created a bigger confidence. The race was in doubt between the two schools almost to the very finish. The White Hall and Beardstown rooters kept things lively by their cheering and each side never lost an opportunity

to give their opponents a "fing". "Wait until the next race" was a slogan that both sides kept up.

**Four Records Broken.** The Illinois track was put in the pink of condition which made it possible for some fast time. Four records were broken. The half mile record was lowered by Benson of Beardstown five seconds. The former record was 2:15 and Benson made it in 2:10. It was a close race the Beardstown man beating Gibler of White Hall by a spurt the last 8 feet of the race.

In the 220 yard hurdles, Cannon made a pretty race and won the event easily. He lowered the former record made by King of Jacksonville of 23 seconds to 27 3-5 seconds.

The record was also broken in the running high jump. Campbell of White Hall clearing the bar at 5 feet 5 3-4 inches. The former record was held by Spink of Jacksonville whose height was 5 feet 5 1-2 inches. Second place was won by Whitaker of Virginia and the two fought it out much to the interest of the spectators.

The finals in the 50 yard dash was a pretty event and there did not appear to be four feet between the first four men who crossed the tape, for the coveted prize. It was won by Knight of Beardstown whose work throughout the meet was watched with interest. He is a good all around man and his future in athletics is most promising. The mile race was hotly contested. Burns of Greenview lead the race for the first four laps with Garvin of Pittsfield second and Benson third. When the sprint came, Garvin forged to the front and kept a pretty lead until the line was crossed. Burns was also forced to give way to Benson.

**Relay Race Exciting.** The relay race brought the big crowd to their feet and while the event did not count a point, the honors of winning it were coveted. Jacksonville was represented in the last lap by Cannon, and how the little sprinter did tear up the ground. Roodhouse of White Hall only won from him because of having a wig start and even at that Cannon came over the line a half a body behind his opponent. The work of Cannon in the race was sensational. He won 15 of the 22 points scored by Jacksonville. Beardstown copped out five firsts and took three seconds. White Hall made two firsts, four seconds.

The meet was run off in good time the last event taking place at 4:30 o'clock. No accidents marred the day and everything was orderly on the grounds. Chief of Police George P. Davis, Capt. Trahay and three four more city officers were on the grounds to see that order was kept and Chief Davis also reports that he could not ask for a more mannerly crowd of young folk. Mayor George W. Davis, has always taken an interest in athletics was a close watcher of the various events. The high school management worked hard to make the day successful and their efforts were telling.

**Business Session.** The business meeting of the league was held at the opera house in the morning, the president of the league, Prof. O. H. Blossom presiding. At the election of officers he was again named president and Principal Gore of Jacksonville was elected secretary to fill the place of Principal R. O. Stoops, who resigned.

The finances of the league were gone over and they are not in the best of condition, although the big crowd of the day would swell the funds somewhat.

Principal Gore brought up the question of the eligibility of Killibrew. He is a student of J. H. S. but has been out of school for a year, on account of illness. However, he has kept up with his work. While Principal Gore's words were convincing, the majority of the officers voted against his entering the meet. Some of the rules of the W. I. H. S. L. were thought to be back numbers and this occasioned considerable talk. It resulted in the old rules being cast aside and the Illinois High School Athletic association rules adopted. These rules puts the league on a higher basis. They will be found in another column of this morning's Journal. It was unanimously voted to hold the meet next year in Jacksonville, the date being the first Friday in May.

**Summary of Events.** The following is the summary of events:

Shot put—First, D. Bradley, Ashland; second, Dickens, Beardstown; third, Tripp, Greenview. Distance 38 feet, 2 inches.

Standing broad jump—King, White Hall; second, Tripp, Greenview; third, Ruyle, Jacksonville. Distance 9 feet 1-4 inch.

Discus throw—Kergan, White Hall; second, Dickens, Beardstown; third, Reid, Jacksonville. Distance 99 feet, 8 inches.

Half mile run—First, Benson, Beardstown; second, Gibler, White Hall; third, Treadway, Virginia. Time 2 minutes 10 seconds.

50 yard dash—First, Knight, Beardstown; second, Stribling, Ashland; third, Boxell, Jacksonville. Time 5 3-5 seconds.

Running broad jump—First, Cannon, Jacksonville; second, Baldwin, White Hall; third, Knight, Beardstown. Distance 19 feet, 10 inches.

220 yard hurdles—First, Cannon, Jacksonville; second, King, White Hall; third, Thiehoff, Time 27 3-5 seconds.

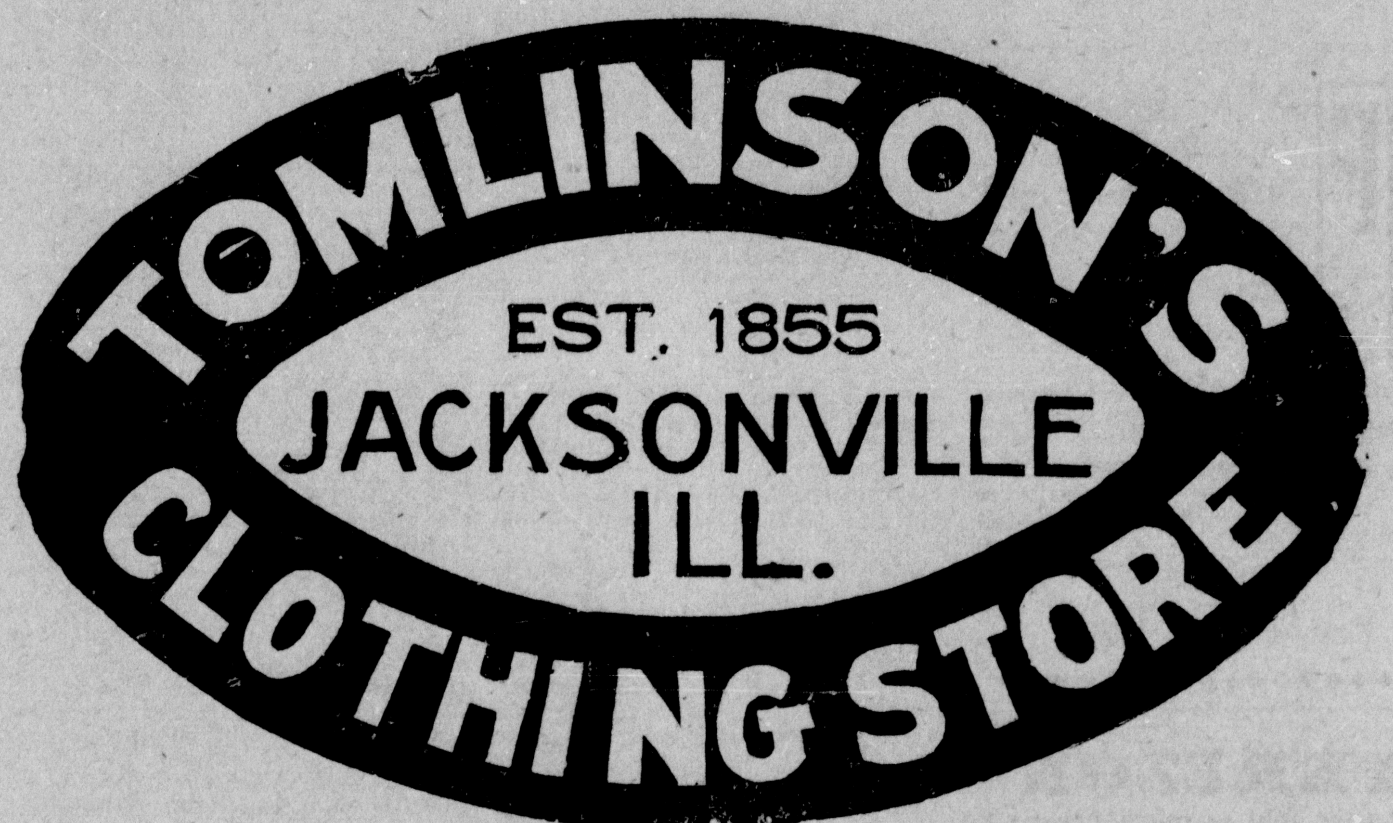

100 yard dash—First, Knight, Beardstown; second, Campbell, White Hall; third, Thomas, Pittsfield. Time 10 3-5 seconds.

Running high jump—First, Campbell, White Hall; second, Whitaker, Virginia; third, Whitlock, Jacksonville. Height 5 feet, 5 3-4 inches.

440 yard run—Thiehoff, Beardstown; second, Thomas, Pittsfield; third, Treadway, Virginia. Time 56 seconds.

220 yard dash—First, Crum, Beardstown; second, Reynolds, Jacksonville; third, Roodhouse, White Hall. Time 25 1-5 second.

Pole vault—First, Cannon, Jack-

## RASH SPREAD TO ARMS AND BACK

Eruptions on Face, Itched and Burned, Festered, Skin Dry and Scaly. Sleep Out of Question. Cuticura Soap and Ointment Cured.

750 Roach Ave., Indianapolis, Ind.—"At first I noticed small eruptions on my face. The trouble began as a rash. It looked like red pimples. In a few days they spread to my arms and back. They itched and burned so badly that I scratched them and of course the result was blood and matter. The eruptions festered, broke, opened and dried up leaving the skin dry and scaly. I spent many sleepless nights, my back, arms and face burning and itching; sleep was purely and simply out of the question. The trouble also caused disfigurement. My clothing irritated the breaking out.

"By this time I had used several well known remedies without success. The trouble continued. Then I began to use the sample of Cuticura Soap and Ointment. Within seven or eight days I noticed gratifying results. After receiving the excellent returns I purchased a full-sized cake of Cuticura Soap and a box of Cuticura Ointment and in about eighteen or twenty days my cure was complete. I truthfully recommend Cuticura Soap and Ointment to any sufferer of skin diseases." (Signed) Miss Katherine McCallister, Apr. 12, 1912.

Cuticura Soap and Cuticura Ointment are sold throughout the world. A single set is often sufficient. Liberal sample of each mailed free, with 32-p. Skin Book. Address post-card "Cuticura, Dept. T, Boston."

\*Tender-faced men should use Cuticura Soap Shaving Stick, 25c. Sample free.

## The Perfect Baby Of The Future

A Simple Method That Has a Wonderful Influence Upon The Future Infant.

Too much can not be said for a wonderful remedy, familiar to many women as Mother's Friend. It is more eloquent in its action than all

the health rules ever laid down for the guidance of expectant mothers. It is an external application that spreads its influence upon all the cords, muscles, ligaments and tendons that nature calls into being, and thus leaves the mind calm and free and in joyful anticipation of the greatest of all womanly ambitions.

Mother's Friend must therefore be considered as directly a most important influence upon the character and disposition of the future generation. It is a conceded fact that, with nausea, pain, nervousness and dread banished, there is stored up such an abundance of healthy energy as to bring into being the highest ideals of the greatest of all womanly ambitions.

Mother's Friend can be had at any drugstore at \$1.00 a bottle, and it is unquestionably one of those remedies that always has a place among the cherished few in the medicine cabinet.

Mother's Friend is recommended by the Bradford-Regulator Co., 139 Lamar Bldg., Atlanta, Ga., after the formula of a noted family doctor. Write them for a very attractive book to expectant mothers. See that your drugstore will supply you with Mother's Friend.

There is a wealth of instruction and comfort to be derived in reading this little book. It is plainly written, just what every woman wants to know, and will be a splendid little textbook for guidance, not only for yourself, but will make you helpful to others. And, in the meantime, do not fail to get a bottle of Mother's Friend at the drug store, and thus fortify yourself against any and all pain and discomfort.

## Happiest Girl in Lincoln

"I am only too glad to testify to the good qualities of Chamberlain's Tablets," writes Miss Nora G. Hagerty, of Lincoln, Neb.

"I had been suffering for some time with chronic constipation, stomach trouble and a terrible misery after eating, when I was taken sick with attacks of the bowels. We had some of the best doctors in Lincoln in attendance, and they all said I would have to be operated on right away. I had heard of Chamberlain's Tablets, and we got a bottle of them. I began to take them and in three days I was able to be up and got better right along. I am the proudest girl in Lincoln to find such a good medicine as these tablets are. I can hardly believe myself that I am so strong and healthy now. They saved me from a serious surgical operation."

## EUROPEAN SITUATION IS A MENACE TO CONTINENTAL PEACE

Scarcely Conceivable That All European Nations Would Plunge Into War, but Austria's Attitude to Balkan States Causes Worry.

London, May 2.—The threatening attitude of Austria towards the Balkan allies and the possibility that a general European war may be the result of direct attention to the present military and naval resources of the great powers.

It is scarcely conceivable that any contingency will arise to plunge all the great nations of Europe into a general war. He rulers themselves have more to lose—infinitely more to lose—than to gain from such a calamity, and voluntarily will never take together or singly, steps that would provoke a universal outburst of flaming death in Europe. But there is no denying the fact that the present situation is a serious menace to continental peace and that no one fully acquainted with the situation would be surprised at the outbreak of hostilities involving several—two or least, and perhaps three—of the six powers usually classified as "great."

The triple alliance between Germany, Austria-Hungary and Italy, the Franco-Russian alliance, and the friendly understandings between Great Britain and Italy, all exist primarily to maintain the status quo, but secondly to checkmate one another in diplomacy or to fight one another in certain eventualities. It is important, therefore, to compare the offensive and defensive resources of these powers, with a view to estimating roughly the scale of possible operations if war broke out involving any two or more of them.

The British army is the smallest of the six. Great Britain, in spite of her globe encircling possessions, is primarily not a land but a sea power. It has been the policy of the British admiralty during recent years to develop a 60 per cent. superiority in vessels of the Dreadnought type over the German navy. Germany, next to Great Britain, being the strongest of the naval powers. The British land force has of late been a subject of much discussion. What is called the expeditionary force is a by-product of the British maritime system, and it is ready, when necessary, to be placed at the disposal of England's friends. It is true that it is large, but it would have turned the scales in any and every battle fought in modern times. It is as large as the Russian and larger than the Japanese army which fought at Liaoyang, and larger also than the Bulgarian or Turkish armies which fought in the battle of the Balkan war. For home defence the British Isles depend upon the territorial force. Every effort to raise this force to the full strength of 500,000 or 600,000 has been futile, and in the opinion of military experts it will be impossible without the adoption of compulsion in some form. At the same time no one doubts that the territorial force is in a condition to take the field at once upon the despatch of the expeditionary force and guarantee the safety of the country in case of invasion by a continental army.

Germany and France are rivaling one another in their feverish efforts to increase their armed strength. Roughly speaking, Germany is aiming at a five million man standard for her army, but it is well known that a dependence upon German military administrators, who are consistent in seeking, above all, to improve the quality and solidity of the first line, has been such as to seriously threaten Great Britain's "60 per cent. superiority" standard. The salient feature in German naval progress is not so much the increase in size and power of every class of warship, although this has been most marked, but the further preparation for the immediate use of the whole of the effective fleet. Also to be reckoned is the German air fleet, admittedly the finest in the world.

France, impelled rather by the extraordinary acceleration of shipbuilding in Italy and Austria-Hungary, is making strenuous efforts to recover the ground lost in recent years. At the same time every possible increase in the French army which can be effected by financial and administrative methods is being made without delay.

Italy's navy is rapidly assuming respectable proportions. But the glory of Italy's armed force is her cavalry. The peace footing is 275,000; this can be raised in a week to upwards of 1,000,000 men. Austria-Hungary has recently passed the military which will much increase the strength of the dual monarchy. Roughly speaking, the total organization produced about 1,214,000 trained men. The new law will eventually raise this figure to 1,820,000.

The Russian army is the largest of all Europe and steps have been taken recently to further increase its size and efficiency. While there are continual signs of renewed activity in Russian naval construction, the acceleration in shipbuilding which is so noteworthy in Italy and Austria-Hungary has not been equalled. According to present plans these armies of the central European powers will be increased by 1,500,000 trained men before the end of the year. Those additions are not considered excessive from the military point of view, because, apart from all other considerations, the Russian contingent of recruits approximately equals that of Germany and Austria combined.

**NEW JERSEY CLUB WOMEN.**  
Atlantic City, N. J., May 2.—"The White Slave Traffic" was the chief subject of discussion at the annual convention this afternoon of the New Jersey State Federation of Women's Clubs. Tomorrow morning Prof. Scott Nearing of the University of Pennsylvania, will address the club women on the subject of "Budgets Wages and Financing the Family." The convention will close with the election of officers tomorrow afternoon.

## SUPT. R. O. STOOPS GETS INCREASE IN SALARY

School Board of Joliet Votes Unanimously to Retain His Service For Another Year at Salary of \$3,500.

The many friends of Prof. R. O. Stoops, formerly head of Whipple academy and later principal of the high school, will be pleased to learn that the board of directors of the Joliet public schools, at a meeting of the board held Monday night his services were retained for another year at an advance of salary. The Joliet Evening Herald in speaking of the action of the board says:

"By unanimous vote of the members of the school board Superintendent R. O. Stoops was re-elected as head of the Joliet schools at a salary of \$3,500 for the year. The vote of the board was a testimonial to the ability of and the results accomplished by the present superintendent. Mr. Stoops came to Joliet in the middle of the school year ending in the place of E. P. Worst, the former superintendent, who was called to a better position in Chicago. Mr. Stoops was formerly the principal of the high school at Jacksonville.

"The salary is an increase of \$500 over that of last year and altogether the superintendent's salary has been raised \$1,000 in the past three years. The board takes the stand that the superintendent is the guiding factor in the school system and that if they pay enough to get good men in this position it will mean much more good in the end than the same amount applied in any other way.

"Mr. Stoops responded to the vote by a few words of thanks, showing his appreciation of the honor, and his intention to make the school system more creditable than ever to Joliet. The recommendation in regard to re-election and salary was made by the teachers' and janitors' committee, with Mr. Lyons as spokesman. The board concurred in the recommendation with unanimous voice."

## QUICK RELIEF FOR RHEUMATISM.

George W. Koon, Lawton, Mich., says: "Dr. Detchon's Relief for Rheumatism has given my wife wonderful benefit for rheumatism. She could not lift hand or foot, but she was lifted for two months. She began to use the remedy and improved rapidly. On Monday she got up, dressed herself and walked out for breakfast." Sold by L. P. Allcott, druggist.

## WORLD'S RACQUET CHAMPIONS

Philadelphia, May 2.—The second half of the racquetmatch for the professional championship of the world, between "Jack" Soutar of this city and C. Williams, champion of England, will be played on the course of the Philadelphia Racquet Club tomorrow afternoon. In the first half of the match, played in London several weeks ago, Williams led 4 games to 2. The match was close and fast, the margin between the two players in the six games being only 5 aces. In the match tomorrow Soutar will have the advantage of playing on his own court.

## Most Prompt and Effective Cure for Bad Colds.

When you have a bad cold you want a remedy that will not only give relief, but effect a prompt and permanent cure, a remedy that is pleasant to take, a remedy that contains nothing injurious. Chamberlain's Cough Remedy meets all these requirements. It acts on nature's plan, relieves the lungs, aids expectoration, opens the secretions and restores the system to a healthy condition. This remedy has a world wide sale and use, and can always be depended upon. Sold by all dealers.

## FRANCIS G. BLAIR WRITES OF HIGH SCHOOLS

State Superintendent of Public Instruction Gives Some Important Statistics.

The bulletin recently issued from the office of the state superintendent, Francis G. Blair, to the tax payers of the state says:

The public schools are the present object of much searching constructive criticism. It comes from persons whose purpose is the betterment of public education. Its method is to search for the facts and to draw its conclusions from these facts, to point out the causes of the fault criticised and to propose remedies. Every believer in the cause of common school education should welcome such criticism and profit by it. It may be unpleasant and even distressing at times. So is the advice of the surgeon who points out the presence of the tumor or infection and recommends the knife as the hope of permanent cure. Only children and cowards cry out in alarm and resentment against such a surgeon.

But there are other critics whose object and method are very different. They seem to be glad to find faults and pleased to point them out. But they either cite a wrong cause for the defect or propose wrong remedies. Some of their recommendations, if adopted, would mean the destruction of the system; like the physician who spent much time in pointing out the ailments of the patient, and when asked what should be done in order to effect a cure, told his patient to jump into the lake. Even such critics, however, serve useful purposes. Their conclusions are often based upon false or insufficient data, or result from a wrong interpretation of the data. This use of inaccurate or false statistics has led school officers to a much more careful and thorough collection of school data and facts and a much more systematic arrangement of them for the information of tax payers and citizens.

## As to High Schools.

Just now our high schools stand in need of the most searching, constructive criticism. No other part of the public school system is expanding so rapidly or undergoing such radical changes in equipment, courses of study and methods of instruction. To direct this development, to secure the use of the facts and a right interpretation of them. It is precisely at this point, however, where we find much misrepresentation of the facts or their meaning. Those who for one reason or another oppose the development of secondary education in Illinois have based one of their large arguments upon the ground that only a small percentage of the pupils who enter the public schools ever reach the high schools.

## Percentage of Students.

The statement has been made in public addresses, printed in magazines and in books that only seven per cent of all the pupils who enter the public schools ever reach the high schools. What are the facts? In 1912 there were 176,122 pupils enrolled in the first year of the elementary schools in the state of Illinois. There were 39,570 pupils enrolled in the first year of the high school. In a rough sort of a way we can discover the percentage of those entering the public schools who reach the high school by finding what per cent of the enrollment in the first year of the high school is of the enrollment of the first year in the elementary schools. It is easily seen that the percentage is 22.2 per cent. That is, out of one hundred children entering the public schools of Illinois, over seventeen enter the high school. But we need to look a little further into the matter. Free high school education is not universal throughout the state of Illinois.

There are only 531 districts which offer free high school opportunities to their pupils. It is manifestly unfair, therefore, to take the entire state as a basis in estimating how many pupils fail to reach the high school. If we take as our basis the 531 districts which offer free high school opportunities, we find in these districts 104,553 pupils enrolled in the first grade and 27,579 enrolled in the first year of the high school. This number does not include tuition pupils. It will be seen from this that 26.3 per cent of the pupils entering the public schools in districts where high school education is free enter the high school. The data concerning the total enrollment in the high schools as compared with the total enrollment in the elementary schools is just as interesting and is given under another head in this issue of the bulletin.

## ORATORICAL CONTEST.

Oberlin, Ohio, May 2.—Today the hotels and fraternity houses of Oberlin are thronged with college students who are here to attend the annual contest of the Northern Oratorical league, the greatest event of the year in western forensic circles. Seven speakers, the pick of their respective schools, are to engage in the contest. The contestants, their subjects and the colleges they represent are as follows: Alvin Carl Reis, University of Wisconsin, "The Toll of Industry"; George G. Glick, University of Iowa, "Slaves of Tradition"; J. Howard Hinshaw, University of Illinois, "Liberty and License"; Percival V. Blomhard, University of Michigan, "Christianity and the Social Order"; Henry L. Wells, Northwestern University, "Patriotism of Progress"; Luther H. Gulick, Oberlin college, "The Fight for Modernism"; and Miss Lillian Byrnes, University of Minnesota, "The Significance of the Woman Movement." Miss Byrnes is the first woman ever to appear in a contest of the league.

## RHEUMATISM QUICKLY CURED.

"My sister's husband had an attack of rheumatism in his arm," writes a well known resident of Newton, Iowa. "I gave him a bottle of Chamberlain's Liniment which he applied to his arm and on the next morning the rheumatism was gone." For chronic muscular rheumatism you will find nothing better than Chamberlain's Liniment, sold by all dealers.

## SESSIONS OF PEACE CONGRESS.

St. Louis, May 2.—There was an increased attendance at the sessions of this, the second day of the American Peace congress. The problems of the Hague conference formed the leading topic of discussion at the general session this morning, which was presided over by James Brown Scott, secretary of the Carnegie Endowment for International Peace. Prof. William I. Hull of Swarthmore college spoke in "The Hague Tribunal, Its Present Meaning and Future Promise," and Prof. Paul S. Reinsch of the University of Wisconsin spoke on "The Active Promotion of International Peace as a Primary Policy of the United States." Another speaker was Edwin D. Mead, director of the World Peace Foundation, whose subject was "The Pan-Tentative Pledge of Peace." No session of the congress was held this afternoon, the time being devoted to a reception at the Missouri Botanical garden and other entertainment for the visitors.

## Health a Factor in Success.

The largest factor contributing to a man's success is undoubtedly health. It has been observed that a man is seldom sick when his bowels are regular—he is never well when they are constipated. For constipation you will find nothing quite so good as Chamberlain's Tablets. They not only move the bowels but improve the appetite and strengthen the digestion. They are sold by all dealers.

## TEACHERS OF AGRICULTURE BETTER PAID.

It pays to teach agriculture. According to a bulletin just issued by the United States bureau of education, the teacher of agriculture in the high school usually receives a considerably higher salary than the teacher of other subjects. The most usual salary for male teachers in the United States is \$700, but for teachers of agriculture in the group studied the most salary was \$1,200.

"Lack of teachers" is the explanation offered by the authors of the bulletin, C. H. Robinson and F. B. Jenks, to account for the relatively higher remuneration for those who teach agriculture. When the subject was first introduced into the schools a short summer course provided sufficient training, but with the extension of the work to include several years of careful high school study under scientific farming conditions, there has come a demand for trained agricultural teachers that has exhausted the supply. Furthermore, many of the states are giving aid to local high schools for agricultural instruction, so that these schools are able to pay better salaries for teachers of agriculture than for teachers of other branches.

Not only is it found that the average pay of special instructors in agriculture is higher than of other teachers, but that teachers who are able to give such instruction in addition to regular work command better salaries than they otherwise would and are more likely to be advanced to principalships than if they did not have agriculture.

Better pay for teachers of agriculture is only one of many indications of the remarkable growth in importance of this school subject in the past four or five years. Agriculture had been taught here and there in the schools for many years, but made little impression on the curriculum before 1906. In the year 1906-07 there were about a hundred secondary schools in the United States that gave some sort of agricultural instruction; in 1910 about eighteen hundred schools reported to the bureau of education that agriculture was taught as a separate study in the high school department; and the 1912 figures as far as compiled indicate a very large increase over previous totals.

Elementary instruction in agriculture is now required in seventeen states, as follows: Alabama, Arkansas, California, Florida, Georgia, Louisiana, Maine (rural), Mississippi, Missouri (rural), North Carolina, North Dakota (rural), Ohio (rural), Oklahoma, South Carolina (county boards may require it), Texas (in districts with less than 300 children), West Virginia, and Wisconsin (rural).

## READ THIS

The Texas Wonder cures kidney and bladder trouble, removes gravel, cures diabetes, weak and lame backs, rheumatism and all irregularity of the kidneys and bladder in both men and women, regulates bladder troubles in children. If not sold by your druggist, will be sent by mail on receipt of \$1.00. One small bottle is two months treatment and seldom fails to perfect a cure. Send for Illinois testimonials. Dr. W. E. Hall, 2325 Olive street, St. Louis, Mo. Sold by druggists.

## PROF. TAFT'S FIRST LECTURE.

New Haven, Conn., May 2.—Yale students, faculty members and invited guests filled Lamson Lyceum this afternoon to hear the first of the series of lectures to be delivered at the university by former President William H. Taft. Prof. Taft's subject was "Questions of Modern Government."

## Cure for Stomach Disorders.

Disorders of the stomach may be avoided by the use of Chamberlain's Tablets. Many very remarkable cures have been effected by these tablets. Sold by all dealers.

## CATARRAH GOES SNUFFLES AND HAWKING CEASE

The best nose and throat specialists in the world advise their patients to breathe Eucalyptus to destroy Catarrh germs and heal the sore, raw spots.

Booth's HYOMEI is Australian Eucalyptus combined with Thymol and some Listerian antiseptics. Breathe it through the little pocket inhaler, and in vapor form as directed, and this antiseptic balsam will surely destroy all germ life and all Catarrh misery.

It's guaranteed for Catarrh, Coughs, Cold and Croup; it relieves stuffed-up head in 5 minutes and refreshes the entire nasal tract. Complete outfit with directions for use, \$1.00. If you own a HYOMEI inhaler get a bottle of Booth's HYOMEI for 50 cents at Coover & Shreve's, and druggists everywhere. Just breathe it—no stomach dosing.

MEET PLANNED FOR JACKSONVILLE  
Carnival of Speed With Notable Driv-  
ers Participating Will Be Held  
Here May 14-15.A carnival of speed and daring riv-  
alling anything yet seen in Jackso-  
nville or vicinity will take place at  
Jacksonville Driving park, May 14th  
and 15th. Some of the fastest cars  
in the country, driven by men of in-  
ternational reputation, will be here.  
The Motordrome company of Califor-  
nia, which put on such a successful  
speed event here last year, is arrang-  
ing for this one. Some of the same  
daring performers seen here before  
will come again, but the list has been  
materially augmented. A National  
racing car will be driven by Ed Gar-  
ner, The Apperson Jack Rabbit will  
be driven by Speedy Kinell, who won  
the 100-mile race at San Monica, W. W.  
Brown, who made himself famous  
last winter at Los Angeles, will steer  
a Marquette-Buick. A Detroit-War-  
ren will be driven by Otto Siebrink  
and the Ford by A. Harper. The last  
two mentioned were seen here last  
year. There will be motorcycle  
events by professional riders only.The greatest interest, however, will  
probably be centered about the avi-  
ators who will give aeroplane flights  
and matched races. Alto and avi-  
ation events, together with the motor-  
cycle races will make up a program  
of great interest for each day. Leon  
Friedman, who was in charge of the  
work of staging this speed perform-  
ance, is now in the city and says that  
it will be one of the best advertised  
events ever pulled off here. He will  
advertise through this county and in  
various towns of adjoining counties  
and is counting on a crowd in the  
city for the event.JACKSONVILLE CIRCUIT.

Information of Priceless Value to  
Every Jacksonville Citizen.How to act in an emergency is  
knowledge of inestimable worth, and  
this is particularly true of the  
diseases and ills of the human body.  
If you suffer with kidney backache,  
urinary disorders, or any form of  
kidney trouble, the advice contained  
in the following statement should  
be a valuable asset to your store of  
knowledge. What could be more  
convincing proof of the efficiency of  
Doan's Kidney Pills than the state-  
ment of a Jacksonville citizen who  
used them and who publicly tells of  
the benefit derived.Charles Godfrey, 335 S. Church  
street, Jacksonville, Ill., says: "All  
I said in 1909 praising Doan's Kid-  
ney Pills was correct. They did me  
a great deal of good and I advise  
their use in cases of weak back and  
other kidney troubles. Doan's Kid-  
ney Pills can be procured from Arm-  
strong's Drug Store and are worthy  
of a trial."For sale by all dealers. Price 50  
cents. Foster-Milburn Co., Buffalo,  
New York, sole agents for the United  
States.  
Remember the name—Doan's—  
and take no other.

Batteries—Blanding and Land; Stone,  
Mitchell and Agnew, McAllister.MUCH MONEY FOR MISSIONS.  
By the death of Mrs. Joseph Mc-  
Carter, of New Salem township, a few  
weeks since, a large portion of her  
estate, valued at about \$40,000, goes to foreign missions and  
to the Presbyterian church at Baylis.  
Joseph McCarter died twelve or fif-  
teen years ago, leaving his wife a life  
interest in his entire estate and at  
her death, to missions and the Baylis  
church, with the exception of a  
small portion which was to be dis-  
posed of otherwise.The estate was mostly in lands and  
to foreign missions is left 160 acres  
worth at least \$100 per acre or  
\$16,000. To the Baylis Presbyter-  
ian church is left another 160 acre  
tract, worth the same as above which  
at the death of the church, should  
that occur, is to go to home mis-  
sions. To Mary Riley, a niece resid-  
ing in Baylis, is left forty acres and  
to Orlando Woodward and Andy  
McCarter is left about \$3,000. To  
the Presbyterian church in Baylis  
the widow also left her home prop-  
erty in that city.Industrial training has been made a  
requirement in the grammar grades  
of the public schools of the state of  
Washington.DISTILLERS GAIN BIG LEAD  
IN FIRST INNING AND WIN 8 TO 6Peoria Batmen Gather Six Runs in  
Opening Inning and Two More in  
Sixth.SPRINGFIELD, ILL., MAY 2.—The Dis-  
tillers really won today's game in the  
first inning when they scored six runs on  
five hits and an error. Schroeder  
pitched fair ball after that session but  
the Distillers won the game in the sixth  
on Holke's double and a triple by Flack.  
Wideman was hit hard but the cham-  
pions could not bunt their bingles.Score by innings:.....R. H. E.  
Peoria.....500002000-8 11 2  
Springfield.....300020010-6 11 4  
Batteries—Wideman, Alberts and War-  
ning; Schroeder and Green.Decatur, 6; Quincy, 1.  
Decatur, Ill., May 2.—Timely hitting by  
Blake and Scherer's home run won a  
game featured by snappy fielding by De-  
catur. Quincy's only run came in the  
first on Kerwin's triple and a long fly,  
Kaiser holding the visitors to not more  
than one hit in any inning.Score by innings:.....R. H. E.  
Decatur.....10020002-6 7 1  
Quincy.....10000000-1 5 2  
Batteries—Kaiser and O'Brien; Vysko-  
cil and Fox, Agnew.Dubuque, 6; Danville, 12.  
Dubuque, Ia., May 2.—Error combined  
with heavy hitting enabled Danville to  
win the first game of the season from  
Dubuque today by the score of 12 to 6.The batting of Beatty of Dubuque was  
the feature of the game, getting two  
triples and a double out of five times up.  
Miller was hit hard in the ninth inning.  
Score by innings:.....R. H. E.  
Dubuque.....020021001-6 12 3  
Danville.....20004010-12 12 2Batteries—Swinehart, Miller and Bouch-  
er; Ukey, Neal and Quieser.Davenport, 8; Bloomington, 1.  
Davenport, Ia., May 2.—Davenport hit  
Marks hard in the eighth inning today,  
scoring six runs in this session. Nelson  
was effective, holding Bloomington to  
four hits.Score by innings:.....R. H. E.

Bloomington.....000000001-1 4 1  
Batteries—Nelson and Coleman; Marks  
and Clifton.

## ON THE SIDELINES.

Pittsburg finally broke its disastrous  
slump. It stopped just in time. A few  
more games lost and the Pirate crew  
would be hopelessly out of it. And this  
is the team that most of the experts pick-  
ed to win the pennant in a walk.Chance will be unable to play for at  
least a month. He hurt his leg, it will  
be remembered, in the opening game with  
Brooklyn, in trying to favor the injury  
he strained the other ankle and now he  
is laid up under the care of a surgeon.  
This will somewhat upset the plans for  
Chance Day at the Sox park. Of course  
the Peerless Leader will be on hand to  
receive the plaudits of the crowd, but it  
will be from the bench.The Boston-Washington game was a  
corker and it was not decided till both  
teams had played themselves out. La-  
porte is proving his worth to Griffith  
now. He has plugged up that hole at  
third made necessary by Foster's unfor-  
tunate illness. Morgan is playing a star  
game at second and will be a fixture.The Giants are well equipped for pitch-  
ers. Six men and every one of them a  
top notcher. McGraw is working them  
in turn and thus should get the best  
work out of them. It seems impossible  
for the Giants to lose this game. But  
foregone conclusions do not always con-  
clude.Old Cy Young likes Joe Birmingham,  
the manager of the Naps. According to  
the veteran pitcher, Joe is on the order  
of Fielder Jones and that's a compli-  
ment indeed. Jones was one of the  
greatest managers the game ever knew.John Kling will join Cincinnati today  
and will probably go behind the bat  
Monday. His coming will be a big help  
to Tinker and Clark, who has been do-  
ing excellent work, can have a rest. If  
Kling can recover ordinary form he  
should be a tower of strength to the  
Reds. Relieved of the cares and wor-  
ries of managing he should be the  
Kling of old. Once more we shall be  
reading of the familiar battery, Brown  
and Kling.Len Schroeder wasn't at his best in  
that game with the Distillers yesterday,  
which accounts for the fact of the Dis-  
tillers being on the losing end of the  
string.Kommers is up to form. He hit a  
home and a three-bagger in the game  
yesterday. He will be making another  
trip to the majors if he keeps up that  
pick. He was once tried out by New York  
but was unable to stick. If he could  
catch on with one of the second division  
teams we believe he would make good.Hackett's team is on the tolog. They  
return home Sunday and should get back  
in the running again.Danny Blake is the hitting kid for De-  
catur. He always did know how to line  
'em out.Joe Tinker's joy was short lived. The  
Cubs got back on the job and showed the  
Reds where they got off.Seaton is Doan's best bet this year.  
See what he did to the Giants yesterday.  
Demaree was off form.Another loss for Detroit. How the  
mighty have fallen.MEREDOSIA VISITORS.  
Among the visitors from Morgan  
county's river town Friday were Mr.  
and Mrs. W. T. Hedenberg, Mrs. J.  
H. Looman and daughter, Miss Gre-  
ta, Miss Edith Brockhouse, Miss Ana-  
dora, Mrs. John Wilker and  
daughter, Miss Agnes, Earl and Ross  
Hyde, Boyd Pond and Wilber Hale.PROSPERING IN IDAHO.  
A letter from A. C. DeMay of  
Rupert, Ida., to a Jacksonville friend  
indicates that he is prospering in his  
far western home. Mr. DeMay now  
owns an extensive abstract business  
in Rupert which is a county seat and  
a growing city.Organized labor of San Diego,  
Calif., is to have a labor temple.Among the visitors in the city Fri-  
day from Franklin were Mr. and Mrs.  
L. O. Berryman and daughter, Miss  
Ima, Miss Grace Hill and W. N. Lut-  
trell.

**A STRONG REFERENCE.**  
A young man recently applied for  
a position with a large printing  
house, and not having a letter of  
reference, offered his bank book. It  
showed a regularity of entries of de-  
posit. It was a very strong recom-  
mendation, indicating character and  
persistence, which finally secured for  
him a good position.  
Start a savings account NOW and  
provide yourself for an emergency.  
Deposit your savings with

## THE WORLD'S LATEST FINANCIAL AND MARKET NEWS

### SPECULATION REACHES STATE OF DEADLOCK

#### MOVEMENTS OF MARKETS WERE NARROW AND IRREGULAR.

Heavy Tone Toward the Close was  
Influenced by Development of New  
Weak Spots Among the Inactive  
Shares—Small Gains Register-  
ed in Early Trading.

(By Associated Press)  
New York, May 2.—Speculation reached a state of deadlock today. Extensive covering having been forced by the sharp rise of stocks yesterday the demand from this source was diminished. Although some small gains were registered in the early trading, no aggravated efforts were made on the long side, and the market re-assumed its familiar aspects, with narrow and irregular movements and a sagging tendency. The active stocks in most cases fell slightly below yesterday's close although in few of the important issues was the range for the entire day more than a point.

The heavy tone toward the close was influenced by the development of new weak spots among the inactive shares. A substantial gain in cash by the banks on the week's operations was indicated by known movements of currency. Estimates of the week's gain varied from \$3,500,000 to \$7,500,000, not allowing for "over-the-counter" payments on May 1, which may affect the result materially. Money rates held steady on the lower basis which has prevailed recently. Bankers were of the opinion that if the more favorable indications for the passage of the Balkan crisis were borne out, relaxation of the European money markets which was marked temporarily by the reduction in the Bank of England discount rate to 4½ per cent two weeks ago should be resumed.

FOR SALE—From high class bar-

## LIFE'S STRUGGLE WITH ILLNESS

Mrs. Stewart Tells How She Suffered from 16 to 45 years old—How Finally Cured.

Euphoria, Ohio.—"Because of total ignorance of how to care for myself when verging into womanhood, and from taking cold when going to school, I suffered from a displacement, and each month I had severe pains and nausea which always meant a lay-off from work for two to four days from the time I was 16 years old.

"I went to Kansas to live with my sister and while there a doctor told me of the Pinkham's Compound but I did not use them then as my faith in patent medicines was limited. After my sister died I came home to Ohio to live and that has been my home for the last 18 years.

"The Change of Life came when I was 47 years old and about this time I saw my physical condition plainly described in one of your advertisements. Then I began using Lydia E. Pinkham's Vegetable Compound and I cannot tell you or any one the relief it gave me in the first three months. It put me right where I need not lay off every month and during the last 18 years I have not paid out two dollars to a doctor, and have been blessed with excellent health for a woman of my age and I can thank Lydia E. Pinkham's Vegetable Compound for it.

"Since the Change of Life is over I have been a maternity nurse and being wholly self-supporting I cannot over estimate the value of good health. I have now earned a comfortable little home just by sewing and nursing since I was 52 years old. I have recommended the Compound to many with good results, as it is excellent to take before and after childbirth."—Miss EVELYN ADELIA STEWART, Euphoria, Ohio.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

## TO BE GOVERNED BY NEW RULES

W. I. H. S. L. GIVES UP OLD CONSTITUTION.

Hereafter Organization Will Be Run by Laws of the Illinois High School Athletic Association.

At the business session of the Western Illinois High School League it was decided that the league adopted the constitution and by-laws of the Illinois High School Athletic Association. The rules are much more compact and limits each school from using any other rules aside from those of the Illinois association. The new rules also allow a broader field for entries and by adopting the new regulation the W. I. H. S. L. has taken a good and needed step forward.

The following is the constitution. Article I: Name.—This association shall be known as the Illinois High School association.

Article II: Object.—The object of this association shall be to protect the athletic interests of the high schools belonging to this association, and to promote pure amateur athletic sports.

Article III: Membership.—This association shall consist of all the high schools and similar secondary schools in the state of Illinois that adopt this constitution and by-laws and pay the initiation fees and annual dues.

Article IV: Management.—The management of this association shall be vested in a board of control and local board of managers.

Article V: Board of Control.—Sec. 1. The board of control shall consist of the principals of the high schools belonging to this association. Sec. 2. Any principal may delegate a teacher to represent him at any meeting of this association.

The board of control shall determine the rules governing the eligibility of players and shall have charge of all funds arising from initiations and dues.

Sec. 4. The time of the annual meeting shall be that of the High School conference.

Sec. 5. Special meetings may be called by the president of the association, and must be called by the secretary upon the written request of ten schools.

Sec. 6. Upon the discretion of the president, the secretary may submit questions for discussion by mail, but no vote shall be taken except at the regular or called meeting of the board.

Sec. 7. The local boards of managers shall consist of the principal, or a teacher appointed by him, from each of the schools between which any athletic contest is being held.

Sec. 8. The officers of the board of control shall be a president, a vice president and a secretary-treasurer, who shall be elected at the annual meeting. The duties of these officers shall be those which ordinarily devolve upon such officers.

Sec. 9. These officers shall constitute a board of appeals, who shall hear all complaints, decide protests and interpret the rules of the board. In case that any one of the officers is directly interested in the controversy, the president shall appoint a disinterested party to take the place of such officer.

Sec. 10. The board of appeals shall have power to fill vacancies by the appointment of officers for the unexpired terms.

Article VI: Protest.—Any school wishing to make a protest shall submit a full statement of the facts to the president of the association, together with a deposit of \$2.00. In case the board, after due investigation, shall decide in favor of the school making the protest, this deposit shall be returned; but if otherwise, it shall be held by the secretary-treasurer with other funds.

Article VII: Violations of the Rules.—Any violation of the rules of this association shall render the school offending liable to suspension by the president, or expulsion by the board of control.

Sec. 2. All questions in dispute shall be referred to the board of appeals and their decision shall be final. When charges are made in writing against any school for violations of the rules of the association, a school so charged shall have the privilege of presenting its case before the board of control.

Article VIII: Funds.—The annual dues of this association shall be (\$1.00) One Dollar. Said dues to be payable before October first of each school year.

The board of control shall determine the necessary expenditure of money.

The secretary-treasurer shall pay funds of the association only upon the order of the president of the association.

Article IX: Amendments.—This constitution and by-laws may be amended by majority vote of the representatives present at any annual meeting, provided at least ten schools are represented.

By Laws.

Section 1.—No person shall be qualified to represent any school under this agreement, in any athletic contest with members of another school belonging to this association, unless he shall have been enrolled as a member of that school from the beginning of the third week of the semester in which the contest or events take place. By the "beginning of the semester" is meant the first week of school in September and February of each year.

Section 2.—No person who has represented any school in inter-school contest in any capacity during a semester, and whose school connection has lapsed, shall again be eligible to represent such school in any athletic capacity, until he shall have successfully carried the work of the semester lapsed; expulsion, suspension for one week or more, or absence for more than two weeks for any reason other than disabling sickness, shall be deemed "lapse of school connection" under this rule.

Section 3.—No person shall be allowed to represent his school in athletics, in any capacity whatever, unless he shall be doing passing work in at least fifteen regular periods weekly, or recitation work; said work to be determined from the teachers' reports according to the regular method of the school.

By "passing work" is meant the contestant shall all be doing work of such a grade that credit would be entered on the records were credits given at the time of the issuance of the certificate.

Note.—It is understood that boys transferring from one high school to another and wishing to compete in athletics in the second school, must present to the principal a statement showing that they have successfully carried for the preceding semester the fifteen hours of work necessary to make them eligible for athletic competition.

Section 4.—Any person taking part in athletics and failing to pass in fifteen hours' work during that semester, shall be declared ineligible to play another semester until that amount of work shall have been passed.

Section 5.—No graduate of a four year high school course shall play on any school team or contest in any athletic event between schools belonging to this association.

Section 6.—No person over 21 years of age shall be allowed to represent any school in an athletic contest.

Section 7.—No boxing event shall be allowed in any of the inter-school contests.

Section 8.—A principal's certificate as to the standing of the representative of a school under this agreement shall be required before every contest. Eligibility lists shall have indicated upon them, the age of the students competing and the number of years the student has competed in high school athletics preceding the present scholastic year.

Section 9.—No person shall participate in any inter-school contest who has ever used or is using his knowledge of athletics or athletic skill for gain.

Section 10.—No person shall be allowed to represent any school in a contest in football who has not within a period of 12 weeks preceding such contest, furnished his principal with a physician's certificate stating that he has personally examined the applicant as to his physical condition and that in his judgment the applicant is in sound health and able to take severe exercise without undue risk.

Section 11.—No person shall play on any school team or contest in any athletic event for more than four years.

Section 12.—The board of control shall furnish blank certificates to all schools belonging to this association.

Section 13.—The principals of the schools contesting shall exchange certified lists of eligible contestants at least one week before each contest between schools. They shall furnish the managers of any organization holding a contest or meet under the rules of this association, a certified list of eligible contestants one week before such contest or meet.

Section 14.—It shall be the duty of the secretary-treasurer to furnish all schools from time to time with an official list of all schools belonging to this association.

Section 15.—The officers shall prepare a form of agreement to be signed by the principal of each school at the time application is made for membership in this association. These agreements shall be kept on file by the secretary.

Section 16.—No person shall contest or take part in any athletic contest under an assumed name.

Section 17.—There shall be no inter-scholastic games between girls' teams of this association.

Section 18.—No contest shall be held with any Illinois high school not belonging to this association without the consent of the board of appeals. All contests shall be in accordance with the rules of this association.

Section 19.—The board of appeals may assess a maximum penalty of \$25.00 for each breach of contract between members of this association.

Section 20.—Any member of a high school team who plays a match game on any other team the same season, without a previous written consent from his principal, shall be ineligible to compete for the rest of the high school year.

Section 21.—Back work may be made up, provided it is done in accordance with the regular rules of the school, and provided it is finally reported for record before the fifth week of the next semester.

Section 22.—Eight grade students are not eligible for competition.

Recommendations.

1. It is recommended that a member of the faculty accompany each team on its trip.

2. It is recommended that the parent's or guardian's consent, in writing, should be required before any person shall be eligible to play football on any school team.

3. It is recommended that the board of managers secure competent officials who are not graduates or former pupils of either of the schools engaged in the contest.

4. It is recommended that all universities conducting athletic contests between high schools require all contestants to complete under the rules of this association.

5. It is recommended that the Amateur Athletic union adopt the rules of this association governing the eligibility of contestants from all high schools of the state.

6. It is recommended that association football be introduced as an athletic sport.

7. Adopted 1909. It is the sense of this association that only members of the school faculty be allowed to coach athletic teams. A member of the faculty shall be defined as one who shall be teaching no less than two regular classes daily.

## SPRING WEATHER STIMULATES TRADE

RETAIL TRADE RECOVERS STIMULUS BY BRIGHT SPRING LIKE WEATHER.

Exceptionally Favorable Crop Outlook Accounts in a Large Degree For the Prevailing Feeling of Optimism As to the Future.

New York, May 2.—Bradstreet's tomorrow will say:

Trade reports continue to present mixed aspects but when all the primary factors are sifted the week's developments indicate that things have moved forward rather than backward. Thus, winter wheat presents an extra-ordinarily good condition for this season of the year; other crops are being seeded under auspices that are distinctly more favorable than those of last spring, and in the south cotton planting has progressed in a relatively satisfactory way with indications favoring an increased acreage. Distributive trade at retail has been stimulated by bright springlike weather and re-orders, except in the east are of pretty satisfactory volume while throughout the north west and parts of the southwest buying for fall account is such as to suggest that little or no unsettledness exists in those sections.

Commercial failures this week in the United States are 233, against 315 the corresponding week last year. Failures in Canada number 34.

Dun's Weekly Review.

New York, May 2.—Dun's Review tomorrow will say:

While the business situation throughout the country shows a further slight recession in activity there appears to be a growing confidence as to the future, and the volume of current mercantile transactions is much larger than is generally realized. It is, moreover, significant that labor continues well employed and that wages are fully maintained. The exceptionally favorable crop outlook, which developments during the past week have in no way diminished, accounts in a large degree for the prevailing feeling of optimism as to the future. Recovery from western flood conditions has been rapid, as is indicated by the returns of gross railroad earnings which showed a gain of 6.4 per cent in the third week of April against a loss of 3.3 per cent in the first week the net gain for three weeks being 1.2 per cent.

On the other hand, bank clearings in April showed a loss of 4.7 per cent as compared with the corresponding month a year ago due chiefly to the dullness in the leading speculative markets and in part to the interruption to business caused by the recent floods. The lumber trade is active and the coal market normal.

Most weather reports continue to

be highly favorable and from present indications this promises to be a year of large crops.

## NOTES FROM THE LABOR WORLD.

Tobacco workers in Belgium do not average quite six cents an hour, 1 Cradley's Heath, Birmingham, England, women blacksmiths make chains for 5 cents a yard.

A labor temple costing almost \$200,000 has been opened by the trade unions in Munich, Germany.

An international transport workers' congress will take place in London, England, in June of this year.

Farm wages, with board, in the United States, averaged, for men, \$10 a month in 1866, \$13.53 in 1875 and \$20.80 in 1909.

The annual convention of the Hotel and Restaurant Employees' International Alliance and the Bartenders' International League of America will be held in Denver next month.

Delegates from 31 states, a greater number than were ever before represented, attended the recent ninth child labor conference at Jacksonville, Fla.

A general strike is seriously considered by the school teachers of France. Recently a number of them were fined for disobeying the court's order to disband their organization.

As late as the year 1800 men were severely punished in England for organizing guilds or labor unions, and the condition of the working classes was little better only than that of slaves.

Domestic servants in Chicago have organized into a real labor union. Under the name of the Household Workers' association, the union has obtained a charter from the American Federation of Labor.

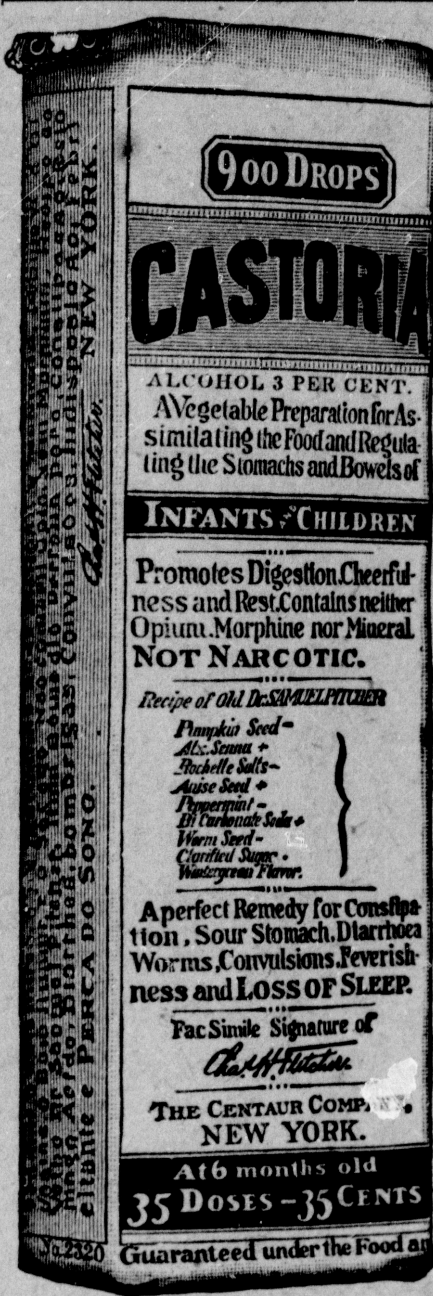

Ohio labor organizations have started a memorial fund to pay off a mortgage on the home of the late secretary of the Ohio Federation of Labor, Harry Thomas, and to educate his seven children.

A fall of coal which blocked the shaft of the mine at Fallsdale, Belgium, occurred the other day and the strike leaders sent a large gang of men to shore up the mine in order to prevent further damage.

The Amalgamated Glass Workers of Toronto, Ont., are asking for an increase of five cents an hour over the present rate of 28 cents, while the horseshoers are seeking a weekly increase of \$5. A minimum wage of \$20 a week is demanded.

The four principal railroad brotherhoods are made up of the engineers, the firemen, the conductors and the trainmen, with a total membership of 300,000, or 95 per cent of the crews of the nation's 60,000 locomotives and 2,000,000 railway cars.

The demand of the Winnipeg painters for an increase of wages to 50 cents an hour has been refused by the employers, who are relying on the large number of non-union men in the city and the annual influx of job-seeking men to stave off the increase.

## Saturday's Picture Program

The feature event for today is entitled

### An Adventure on the Mexican Border

A Lubin two-reel special having its plot based upon the complications arising from the recent rebellion in Mexico. A feature which should demand your presence on account of its local interest.

### SYNOPSIS

On the United States side of the line dividing Mexico from the United States, the U. S. soldiers camped. Fifty yards on the other side the Mexican soldiers were camped. One of the bright-eyed Senoritas captivates two officers, one a captain of her own nationality, the other a lieutenant belonging to Uncle Sam. The captain of the Mexican troops being the older of the two, wins the maid by his quiet love and kindness. The irrepressible impassionate U. S. trooper tries to take the Senorita's heart by storm, but is repelled. On the spur of the moment, to punish his rival, the U. S. lieutenant tells a falsehood to his officer, and nearly causes international complications, but after coolly analysing the situation, the lieutenant rises above all petty personal and delivers the captain from jail—returns him to his fiancée across the line and goes back to his place and awaits his punishment.

### "A California Snipe Hunt"

One of those comedies you read about, but don't see very often. Clinch this opportunity. Kalem.

### "By the Sea"

A nautical drama which is sure to please. Lubin

### "The Virtue of Rags"

An Essay drama showing poverty in a new light.

### MORTUARY

**Johnson.**  
Mrs. Andrew Johnson Jr., died at 6:45 o'clock Friday evening at Our Savior's hospital, where she had been a patient since Thursday.  
Mrs. Johnson, whose maiden name was Ethel Mahala Campbell, was born in Brown county, Nebraska, August 16, 1888, the eldest child of Mr. and Mrs. Charles Campbell. She was married May 26, 1903 to Andrew Johnson Jr., and they have been residing on a farm two and one-half miles south of Alexander. The deceased is survived by her father who resides on South West street, her husband, four children, Mary, Helen, Edward and James; one brother, Charles Campbell, and one sister, Miss Ruth Campbell, both of this city. She was preceded in death by her mother, Alex Campbell of this city is an uncle of the deceased.

Mrs. Johnson was converted and joined the Catholic church eight years ago. She was a woman of excellent character and was admired by a wide circle of friends. The remains were taken to the O'Donnell undertaking establishment and will be taken to the home in Alexander today. Funeral services will be held at the Church of the Visitation in Alexander, the time to be decided later.

**Matthews.**  
Funeral services for William Matthews were held Friday afternoon at 2 o'clock at the residence of his parents, Mr. and Mrs. L. C. Matthews, 515 East College street, in the presence of a large number of relatives and friends. The services were conducted by Rev. G. W. Flagg, pastor of Centenary church. Music was furnished by Mrs. Thomas Rapp and Mrs. E. C. Carpenter and the many beautiful flowers were cared for by Mrs. Gordley, Mrs. Downs, Miss White and Mrs. Patterson.

Interment was made in Jacksonville cemetery and the bearers were W. S. Ehme, W. E. Boston, S. H. Williams, D. G. Clark, Frank Cleahan and Henry Ortlepp.

Among those from a distance to attend the funeral were Mr. and Mrs. Arthur Matthews and daughters, Marjorie and Marian, of Springfield.

An opportunity to buy a new spring coat cheap. To reduce our spring coats we offer you for this week \$15 spring coats for \$12.50; \$12.50 for \$10.00; \$10.00 coats for \$8.00 each.

**Floreth Dry Goods Company**

### LETTER FROM MCCARTY

Chattanooga, Tenn., May 1, 1913.  
Dear Journal and Friends:  
We did not intend to write any more letters from the south, because we are getting so close to home that they will fail to be interesting, but we do want to tell our old readers something about "Atlanta, the gateway to the south," as a great many Illinois men were deeply interested in the affairs of the city and the surrounding country about fifty years ago.

On arriving in Atlanta we became acquainted with a couple of real southerners, Mr. and Mrs. J. E. Fain. Mr. Fain was a member of Gen. Wheeler's confederate cavalry a man of a great deal of intelligence, dignified and honest in his conversation, willing to concede the mistakes that the southern people made that brought on the war.

Mrs. Fain is of the old school of "ante-bellum" days, highly educated, a writer of Ante-Bellum plantation stories, in dialect and otherwise. We fell in love with this worthy couple and they gave us many pointers about the city and surrounding country. All who are familiar with history know that Atlanta received a baptismal fire, fifty years ago, there was not a half dozen houses left standing when General Sherman got through with it, now it is a well built city, some buildings being fifteen stories high. Many manufacturing and fine business blocks, while the residential part is exceedingly fine. Mr. Fain informed us that he saw enough of the war to know that General Sherman's definition of war is correct.

Last Saturday the 26th of April, was memorial day, when the people congregated to strew flowers on the graves of those who gave their lives to the lost cause. A light rain fell on the night before, making conditions good for the occasion and all classes turned out, either to take part in the parade or to be watchers of the proceedings. The city was gay with flags and pictures of officers of the war, mostly confederate generals, but the flags were pretty evenly distributed; there were more federal uniforms than any other, for you know that the militia would not don the confederate uniform under any consideration. Every department of the army was well represented, cavalry, infantry, artillery &c. After all the pomp and glory of young men and their swords, new uniforms, guns and firey steeds, the heavy artillery with their sleek mules, the different bands, discoursing sweet music came the old veterans, and do you know that those old fellows in respect to their manhood, we knew they were brave men who had lost in the desperate game of war, they were beaten but still honorable, they were brave boys, and once our enemies, but the days of strife are over and they are our brothers, good citizens of the country and still honorable and brave, why should not one have respect and sympathy for them?

We did not have time to visit all the principal places in the city, we think Peach Tree and White Hall the business streets are well paved and the street car service is perfect. We spent one afternoon in Grant Park, a lovely place about six miles from the city. This park in walled and has quite an interesting zoo, animals and birds of almost every description, boating, dancing pavilion and etc. At the entrance of this park is shown the great panorama picture of the battle of Atlanta, fought July 20 and 22, 1864. This is a very fine picture and one can get a fair idea of a battle by looking at it. Our guide was an ex-confederate and could not help being just a little prejudiced and we could readily forgive him for in our crowd were a half a dozen old ladies of the true blue, we should say of the true grey stripe, some having lost husbands in this battle and it would not have been healthy for one to have been too exuberant in the praise of that blue, for all of the vindictive element in the south these dear old confederate mothers are the worst, the men can forget and forgive, but the ladies never. Knowing this, we were careful to keep our mouth shut, for we would be sorry to say anything that would bring on another war; we also now if we started a war there, it would be of short duration and we would not be the one who would wear the victors' wreath, therefore we were very careful.

We did get a whole lot of satisfaction out of the picture, for there were a great many Illinois men mixed up in this unpleasant affair and we could see that they were doing their duty to the best of their knowledge and intent under the trying circumstances. The most heroic figure in the picture, in our opinion, is the picture of John A. Logan of Illinois, charging a confederate battery. He was riding a black horse, his sword in his hand and was coming down the line at full charge. Anyone who ever saw John A. Logan or his picture can pick him out at a glance. While we were gazing at the black horse and his brave rider an ex-confederate at our side remarked "that fellow is coming in right, isn't he?" Our guide pointed out where the federal soldiers had taken several prisoners, when one of the old ladies asked the question, "Colonel, why is it that we do not see any of our men taking any prisoners?" "Very simple, madam, our men were not as swift on foot as the Yankees." We came very forgetting just then, but shut our mouth tight and took satisfaction in looking at what the Yankees were doing for the Johnnies that their swiftness of foot worked ways to the destruction of those who were opposing them. Some people at a scene like this are liable to shoot off their mouth to their own hurt and to no one's good. Nevertheless this is a great masterpiece and one can spend hours looking at it, gaining much information.

We are going to close this letter without telling you anything about the country. We arrived here Monday at 1 p. m. and have been very busy, but are willing to sacrifice enough time to tell our friends a few things that will interest them. We will try to tell you of Chattanooga later. With best wishes, etc., D. K. and Mrs. McCarty.

### Two Days In One.

Two hours in bed in the early evening is an effective health recipe for the busy man whose day begins early in the morning and lasts till late at night. The "treatment," which consists simply of going to bed from 5 till 7 o'clock, was described by a London medical man who prescribed it for a business man whose manifold interests had been compelling him to crowd two days' work into one to the detriment of his health.

"My patient now has two distinct days and two distinct recuperation periods every twenty-four hours," the doctor explained. "He begins work with his secretary an hour before most business men are thinking of getting up in the morning. At 5 o'clock in the afternoon his first day's work ends, and he goes to bed for two hours' complete rest. At 7 o'clock he is up again, bathes, dresses and dines. He is then fresh for another four or five hours' business or social duties. His two rest periods combined give him almost nine hours in bed. The patient gets through a greater amount of work and enjoys better health."—London Mail.

### Standardization.

Standardization is not by any means the new and revolutionary thing that efficiency engineers and scientific management fakers would have you believe. Standardization is, in fact, as old as the hills.

Take wheels—buggy wheels, for example. They are all the same standard size, and they are painted in just a few standard colors. When a buggy wheel breaks you don't have to get one made to order. You replace it at any shop. It's standard size.

All circus rings the world over are precisely the same diameter to an inch, no matter what may be the size of the tent itself. Thus the circus rider knows the angle at which he must lean. The angle of safety in Oshkosh is the angle of safety in Copenhagen.

Ladders are standardized. The hod-carrier, with his heavy load, need never watch his step, for every step or rung on a builder's ladder is seven inches.—New York Tribune.

### Presidents and Their Messages.

The custom of presidents of the United States reading their messages to congress prevailed up to the first term of Thomas Jefferson, who discontinued it. Various explanations for Jefferson's departure from the custom of Washington and John Adams have been advanced, the most popular being that Jefferson felt that it savored of royalty, seeing that the king of England went in person to parliament and read his address from the throne. Another explanation was that Jefferson's voice was notably weak. Jefferson himself said in making the change, "I have had principal regard to the convenience of the legislature in the economy of time to their relief from the embarrassment of immediate answers on subjects not yet fully before them and to the benefits thence resulting to the public affairs."—Magazine of American History.

### His Wardrobe a Coffin.

Some twelve or fifteen years ago there died in the north country an old gentleman (with whom formerly I had some acquaintance) of remarkable intelligence, an occasional writer on economic subjects, says a correspondent in London Notes and Queries. I am not aware that he was "eccentric," but I was told that he had a coffin made for himself and kept it upended in his bedroom or dressing room. I asked a near relative of his not long ago if this story was correct. He said yes, that it was done to save pain and trouble at death; that the coffin—I think it stood in an alcove or recess—was fitted with books and was used as a hanging wardrobe, I think, with a curtain before it.

**WILL INTRODUCE SUFFRAGE BILL.**  
Christiana, May 2.—The constitutional committee of the Storting decided unanimously today to introduce a bill bestowing the franchise upon women for all elections.

## New Method Gas Stoves Are Different. Why?

First—They are more satisfactory to the user on account of consuming 20 to 40 per cent less gas, and the many patented improvements which they have made them do better baking, broiling and toasting, easier to operate and to take care of.

Second—When properly installed complaints of burners choking, imperfect cooking, valve handles coming off, oven bottoms warping, oven doors falling and breaking, explosions in ovens, and parts rusting out are never heard of from the users.

#### PRESIDENT WILSON FIGHTS FOR THE JURY REFORM BILL

President Also Indicates That Protests Against Tariff Come From Special Interests.

Jersey City, N. J., May 2.—President Wilson tonight interpreted the fight in New Jersey for jury reform and constitutional revision as a part of the struggle of the American people to obtain through the Democratic party equal justice to all and special privilege. Though he made no reference to legislative policies pending in Washington the president indicated that the protest being voiced against the tariff bill were those of the special interests and not the masses.

Tonight in the last speech of his trip the president early referred to the incidents in the legislative conference to day when Assemblyman McDermott openly defied him, and fired such a series of questions at Mr. Wilson that acting Governor Fielder intervened to prevent an embarrassing situation. The president asserted his right to come into the senate without invitation, declared he knew those who controlled the policies of Essex county—"the whole United States know them"—he said. He declared he came to New Jersey as a New Jersey man to talk to New Jersey men about jury reform and he hoped they would pay heed to what he said.

#### PLEADS GUILTY TO SWINDLING CHARGE

Council Bluffs, Ia., May 2.—Isador J. Warner, under indictment with J. C. Maybray and eighty-seven others, for swindling by means of fake horse races, wrestling matches and other sorts of sports, voluntarily appeared before Judge Smith McPherson in the United States district court today and pleaded guilty. He was fined \$500, and the fine was paid.

Warner was credited with the aliases of "Dr. James," "Kid Warner," and "135" in the indictment against him. It was alleged he operated in Colorado and he is believed to have come here from Denver. He was with Maybray at Little Rock, Arkansas, when the gang was broken up but escaped arrest at that time.

#### LEADS DOUBLE LIFE ON SALARY OF \$12 A WEEK.

Chicago, May 2.—Milo L. Lyons, a nightwatchman acquired a niche in the divorce courts hall of fame to day for having succeeded in leading a double life for seven years on a salary of \$12 a week. Judge Pettit in the circuit court granted a divorce to Mrs. Margaret A. Lyons when she proved to him that Lyons had maintained another wife and three children during this time in addition to supporting her and their four children, the oldest of whom is 21 years.

"I just became suspicious recently when I found a note on an envelope in his pocket reading 'sockings for the kids,'" she said.

#### MUSICAL VAUDEVILLE BY HIGH SCHOOL STUDENTS

Large Audience Pleased by Program and Net Sum Realized.

As a climax to the day's activities the J. H. S. students put on an entertaining musical vaudeville performance at 8 o'clock in the high school auditorium. The event resembled the vaudeville which made such a success two weeks ago, but the greater part of the program was new entirely. The audience, which included a number of the out of town visitors, were pleased both with the excellence and variety of the musical features and the side-splitting nature of the vaudeville portions.

Among the musical numbers were a baritone solo by Leonard Potter and violin and vocal solos by James Capps and Homer Reid respectively. Some excellent instrumental selections were given by Misses Minnie and Grace Hoffman and Helen Sorrels and Messrs. Paul Morrison and Frank Gruenewald. James Capps and Oral Rutledge were heard in an entertaining musical comedy. The climax of the program was a farce comedy in one act put on by an expert crew from the Y. M. C. A. Lance Waterfield as telephone manager, H. A. Brewer as an old style southern "coon," together with Verne Johnson, Harry Walker and Harry Fry in roles varying from ardent lover to "bad man" went to make up a delegation worth going to see.

The evening was a success financially, netting for student activities the sum of \$50. Credit is due to Principal Gore and William Alcott, the student manager, for the success of the undertaking. Alcott has done a good job of this year's work if he does say that he's "very glad its all over." Although an accurate accounting has not yet been made it is likely that the student activities and performances of the past year have surpassed those of last year by a neat sum.

#### DECAPITATED BY PROPELLOR

Oakland, Cal., May 2.—While assisting Roy N. Francis to start his hydro-aeroplane for a test over the bay to day, Herman E. Janessen, a Los Angeles aviator, lost his balance and fell forward into the whirling propeller of the machine. Janessen was killed instantly, his head being cut off by the propeller.

Francis made an unavailing effort to save his friend, saw him fall by stopping the machinery, but his act was too late.

#### STRIKE CALLED OFF.

Peoria, Ill., May 2.—The structural iron workers' strike was called off tonight when a two years' agreement calling for an advance of fifty cents per day was signed. Over two thousand building laborers are still out pending settlement of their demand for a flat increase of five cents an hour.

#### DEBATE WEBB BILL FAR INTO THE NIGHT

(Continued from Page One.)

go, the lone Taft Republican in the chamber.

**Curtain's Resolution.**  
Senator Curtin's resolution proposed that:

"The people of the state of California defer to the wishes of the president of the United States and this legislature will not at this session pass the bills advised against."

The condition was included that it be understood that the people of the state desired substantially the ends sought in the administration and "that the president of the United States be requested to endeavor to secure such treaty or other agreement from any nation protesting against the passage of the bill under consideration as will effectually accomplish the end and purpose herein mentioned."

"And further that if at any time the governor of California becomes convinced that the success of such effort is improbable, he is hereby requested to call an extraordinary session of the legislature."

**Arguments Against Bill.**  
The chief arguments advanced against the bill and in support of the Curtin resolution were:

1. That the bill was discourteous to the president of the United States and the imperial government of Japan.

2. That the ends it sought might better and more permanently be attained by federal negotiations.

3. That those opposed to it might invoke the referendum, thus inhibiting effective action under its provisions for a year and seven months during which Japanese advised of the intentions of the state might acquire.

**Vote Down Amendments.**  
Twenty-eight to five was the strength tonight by which the majority voted down minority amendments designed to alter the bill materially when it came up for consideration.

There was some talk of putting the previous question and thus shutting off debate, but the majority leaders preferred to give no ground for the cry of "gag rule."

It seemed assured at midnight that the bill would pass tonight but at what hour was uncertain.

Governor Johnson will sign an alien bill as soon as it comes to him, reserving a "reasonable time" in which to listen to protests.

"I have assured Mr. Bryan," he said tonight, "that when the bill comes to me from the legislature I will wait a reasonable time for his protests. I cannot say how long. If the bill passes immediately I have ten days in which to sign it. If it comes to me after the legislature has adjourned I have thirty days. I expect the bill to pass without fail."

#### TOOMEY WINS INTER STATE ORATORICAL

Bloomington, Ill., May 2.—Len L. Toomey, of the State teachers' college of Iowa won the inter-state oratorical contest held at Normal university here tonight by the subject of his oration was "The New Penology."

Carl Dailey of the State Normal school of Superior, Wis., was second and Wilbert H. Fuller of Emporia, Kansas, was third.

Onno Walters of Macomb, who represented the Normal schools of Illinois ranked fourth and Allison Reppy of the Cape Girardeau, Mo., normal was fifth.

Visiting orators were accompanied by delegations of students, quite an interest centering in the event.

**WOMAN LEAVES BABY WITH STRANGER.**  
Chicago, May 2.—Mrs. Nellie Williams of Joliet, Ill., while walking near the downtown district to day was requested by a strange woman to hold an infant until the woman stepped into a hall to adjust her skirt. When the woman failed to reappear Mrs. Williams found this note pinned to the infant:

"This baby was born April 17. May she fall into good hands. I am unable to care for her. A lonely mother."

The infant was turned over to the police.

#### PIONEER SETTLER DEAD.

Burlington, Ia., May 2.—Mrs. Mary Blake, age 91 an Iowa pioneer whose husband laid out and named Morning Sun, Iowa, died here tonight. She leaves two sons, Hon. W. E. Blake of Burlington, and Hon. W. W. Blake of Mexico City, Mexico.

#### DECLAMATION HONORS GO TO MISS JANE KENNEDY

Beardstown Representative Wins Speaking Contest—Miss Grace McLaughlin of Jacksonville Second.

The declamation honors of the Western Illinois High School league held in the Grand opera house Friday morning were won by Miss Jane Kennedy of Beardstown. She had for her selection "Bobbie Shaftoe."

The judges awarded second place to Jacksonville's representative, Miss Grace McLaughlin, and third honors went to Karl Kensley of Pittsfield.

Miss McLaughlin who represented the local school acquitted herself in a pleasing manner and the big crowd of J. H. S. rooters felt that their representative was a winner. Miss Kennedy spoke a piece which found favor with the audience and her efforts were most commendable. It was unfortunate that two of the speakers had the same selection, Miss Marie Whalen of Virginia and Miss Lois Daniels of Peterburg.

The rooters of the various schools kept things lively during the interim of the several speakers and the audience was amused by the new yells and songs. The program opened with a solo by Miss Millef of the Woman's college who sang in good voice and while the judges were making their decision Dean Cochran gave two violin selections.

The judges were Caroline E. Foulke of the Springfield high school; V. A. Ketcham of the University of Illinois; and T. J. Meek of Millikin university.

The following was the program:  
Soprano Solo—Carmena Waltz Song, Wilson—Miss Louise D. Miller.

Greenview, "The Man Who Opened Eyes"—Marie Bradley.

White Hall "Regulus to the Roman Senate and His Return to Carthage"—Frank Green.

Ashland, "Keeping a Seat at a Banquet"—Bertha Bergen.

Tallula, "Patsy"—Mary Howard.

Pittsfield, "The Wild Olive Wreath"—Karl Kensley.

Jacksonville, "The Touch in the Heart"—Grace McLaughlin.

Petersburg, "How the LaRue Stakes Were Lost"—Lois Daniels.

Beardstown, "Bobbie Shaftoe"—Jane Kennedy.

Winchester—"Traitor"—Wayne Hill.

Virginia, "How the LaRue Stakes Were Lost"—Marie Whalen.

Violin solo, (a) Pierrot Serenade, Randegger; (b) The Bee, Francois Schubert—Dean Cochran.

#### SIGNS MOBILE BILL

Lansing, Mich., May 2.—Governor Ferris this afternoon signed the Mobile bill, placing state fraternal insurance societies under state regulation and the so-called "blue sky" bill, which aims to prevent the sale of fraudulent stocks or securities.
